Working Bees Combine Skills

From 5 till 9, working Bees had their noses to the grindstone cooking hamburgers, checking out customers, and hearing the public's opinion on the job. All part of the working world for students over 16 years of age with a job.

Most of the students worked at the Middletown Mall in stores such as McCroys, Gee Bees, Sweet Williams, and the Bradford House. Over half the jobs held by students dealt in food service and preparation.

Other employment for Bees were at Warehouse Grocery, McDonalds, Community Foodland, and Hills. Students did everything from stocking shelves to managing departments. Working long and hard hours, students were glad to see Friday arrive. Joy and frustration along with the job are building foundations for the future working world of the '80's.

Intercom Adds Daily News

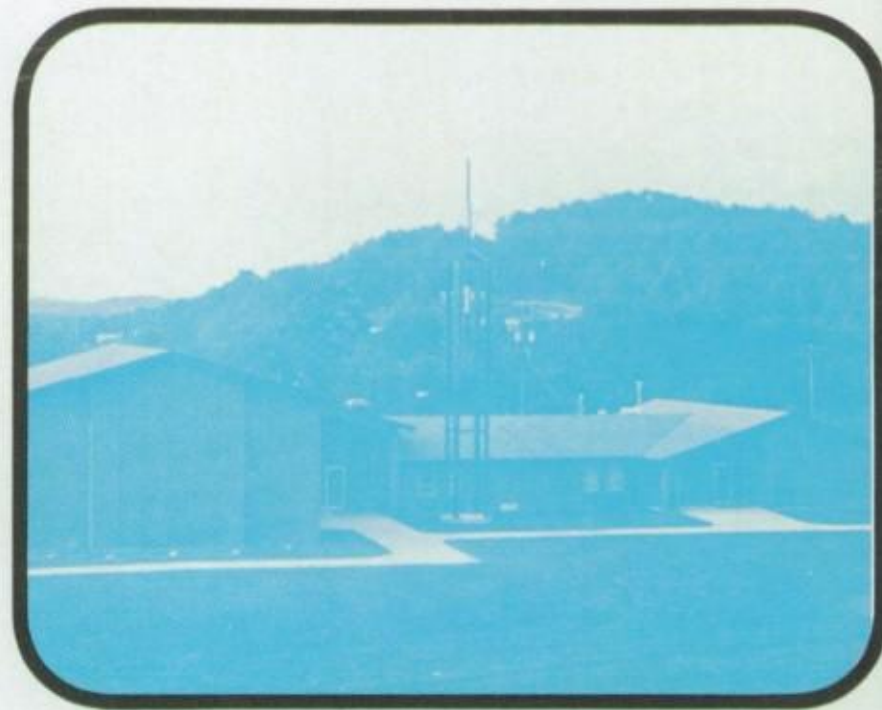

Stumbling to school, drowsy from being up late, students were greeted with the sometimes foggy view of old EFHS. Everyone says 'hello' to their friends and try to stay awake. Then all at once they are startled by the first bell, so begins another day on campus.

Wide awake now and hungry as 'bears', students rush out to enjoy a 35 minute lunch. Facing a choice of either a 'gourmet' item from Mazza's or the best deal in town a 50 cent lunch from the cafeteria, students often opt for the school lunch and new salad bar with no limits.

Just when one gets relaxed over lunch with a friend, the bell rings. Looking at the day with less fear, one knows there are only two hours left before home and freedom.

Area Changes Note Progress

Times are progressing and so is our school and city. E.F.H.S. has been modernized also. With a new counselors office, students can find information on all types of careers. It's been furnished with all new machines, one of which is a Microfiche Reader. Also it has a complete career file.

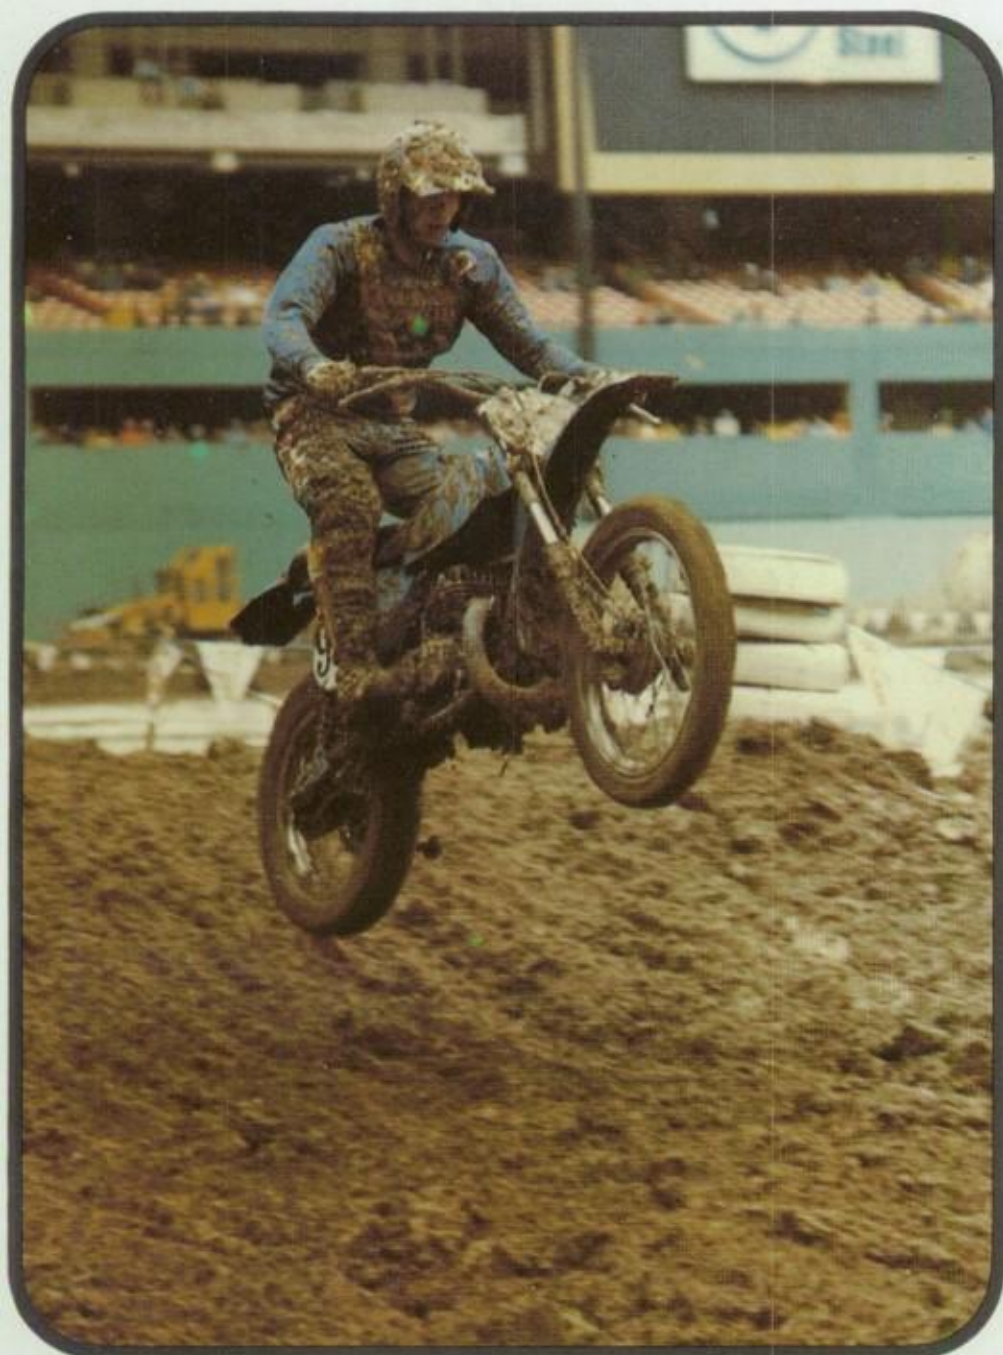

Fairmont as a whole has under gone quite a few changes. With the construction of the new bridge, Mormon church, and Kroger store, we see our city and its people heading for bigger and better things.

Summer Tours Attract Many

Summer was a season of excitement and travel. It's a time for relaxation and fun. Many East students traveled to nearby parks and coastal states. A few of these places were workshops and camps, motocross races, King's Dominion, and Virginia Beach. Here they enjoyed swimming, riding, and good food.

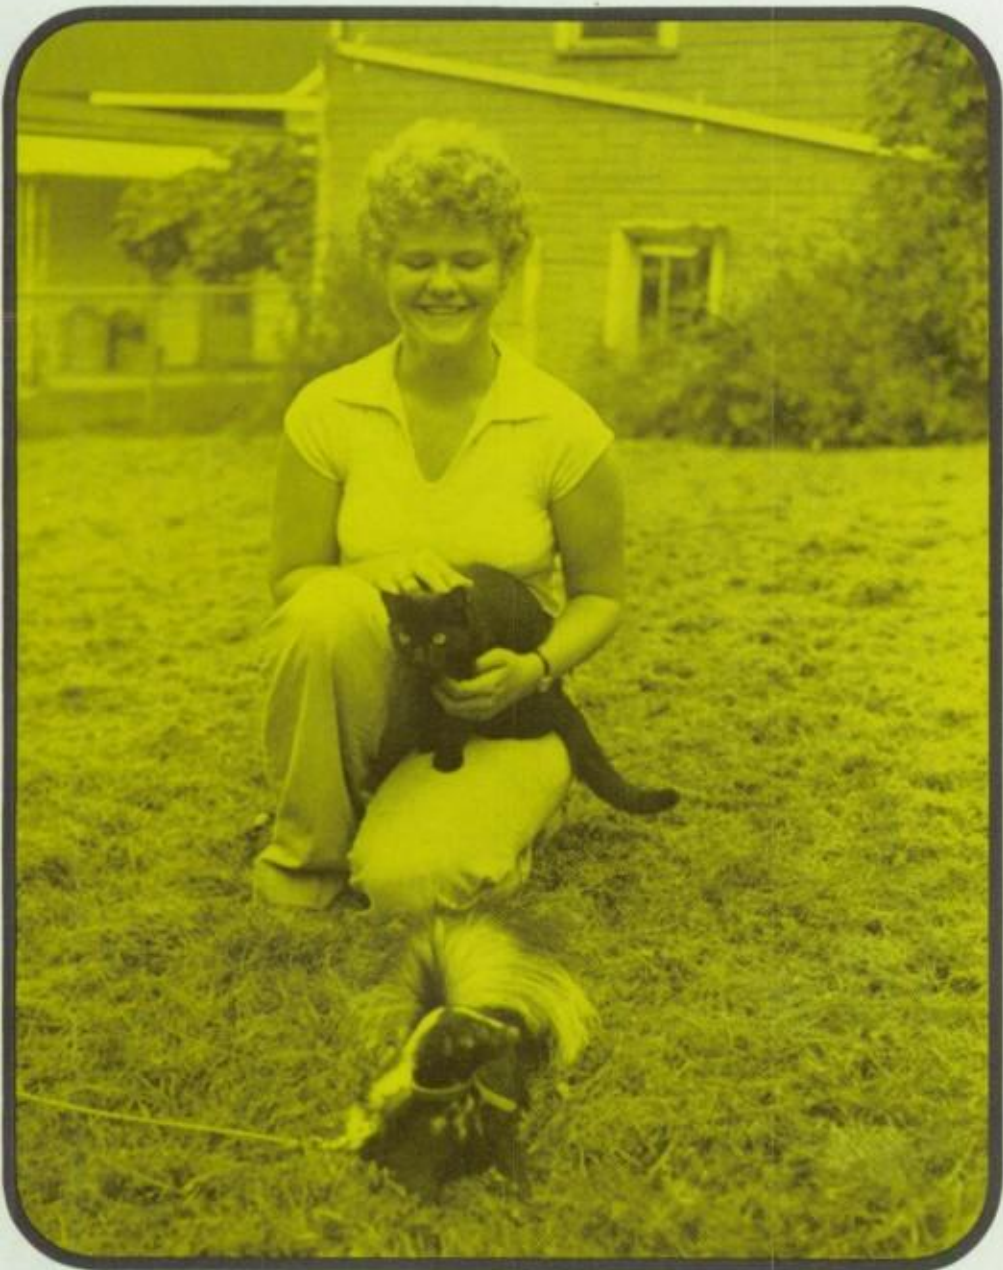

Others made trips to foreign countries, such as Germany, England, and Spain. While there, they visited historic sites like Luxemburg, Buckingham Palace, and Madrid. Seeing these pieces of the past, and different cultures help us put together our future in this ever changing world.

Fads, Styles Merge for '79

Mid lengths, vests, pleats, and knotted scarves are all a part of the latest fashions. This year the clothes are combining the styles of the past with a modern look. Girls are wearing more dresses and skirts with lower hem lines and fewer jeans and pant suits.

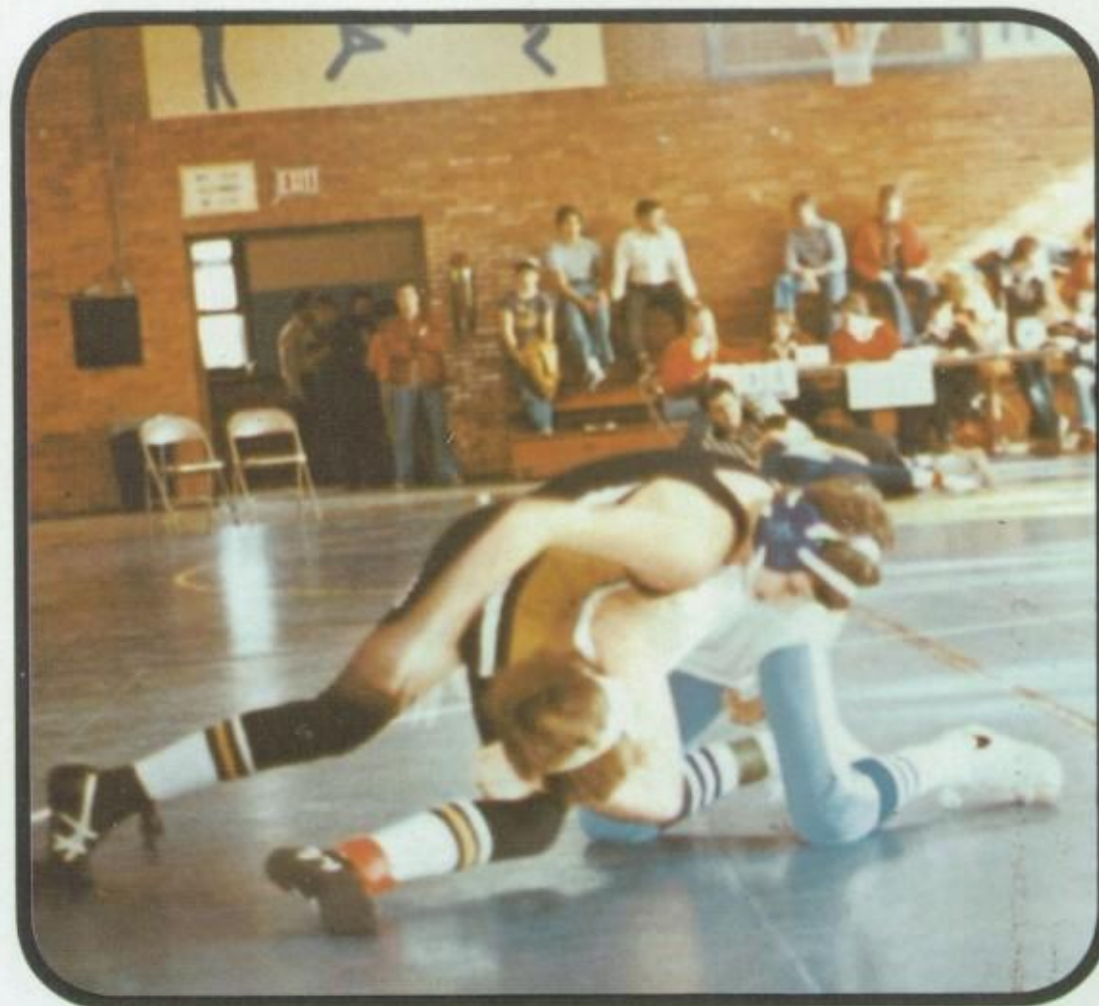

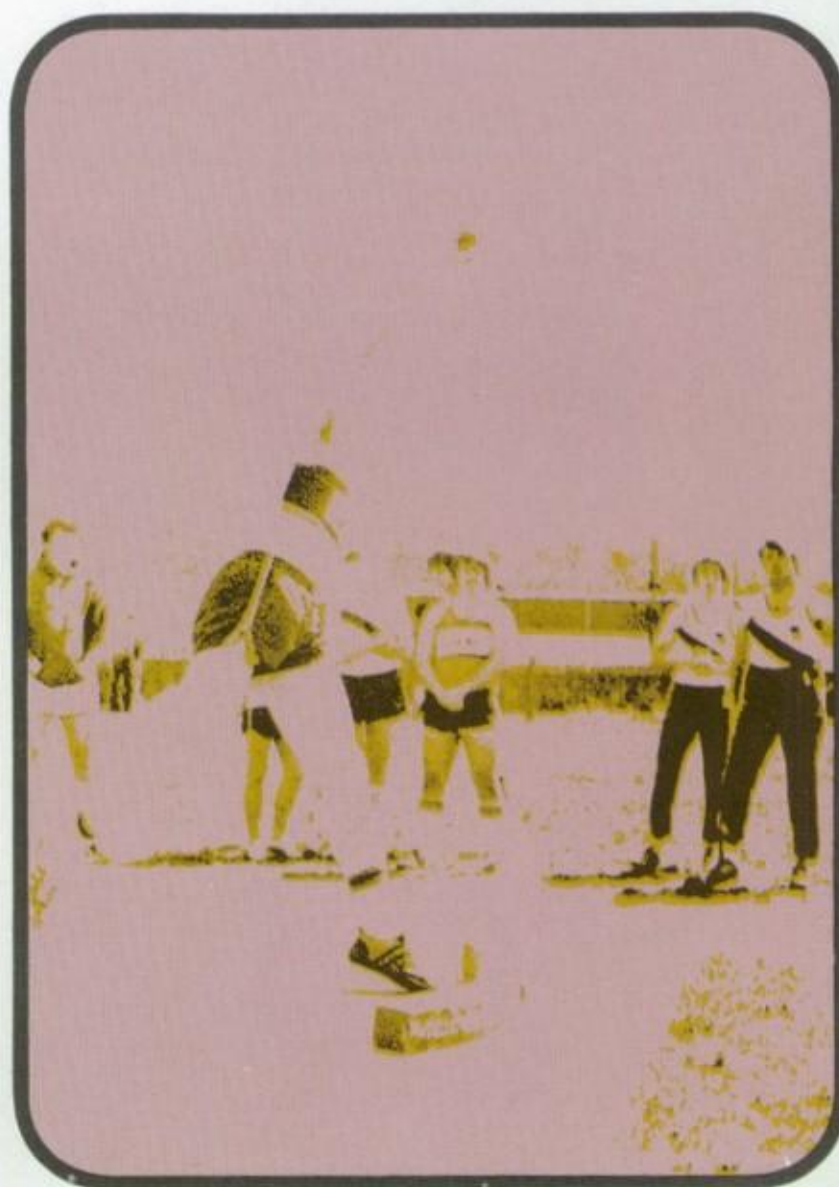

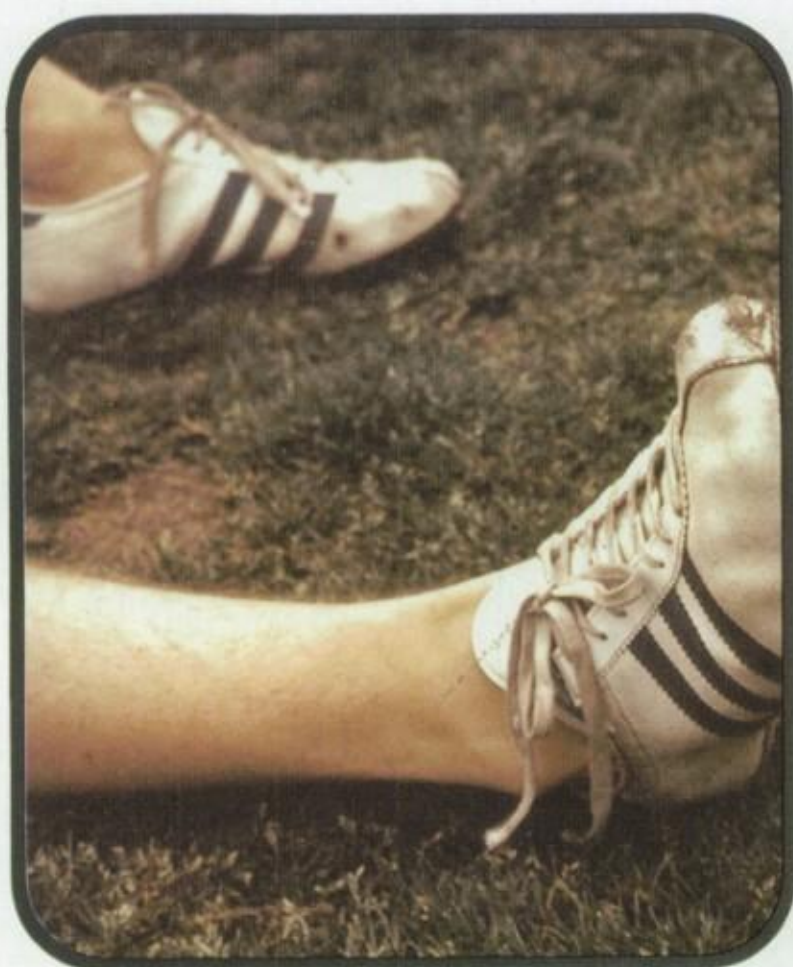

The fellows are dressing up more in a disco look which includes silk shirts and tight fitting knit pants. Guys and gals are slowly leaving the casual look behind, but jeans are still a big seller.

A big fad to hit East's campus were the Muppets. These fuzzy characters were every student's friend. Kermit and his pals seemed to brighten everyones day.

All the clothes, the fads, and the music are something we'll always remember when we look back on the years at East.

Sport Events Attract Fans

East campus has a wide variety of sports. To begin the school year, the griddier Bees took to the field. Here they won their first game against Liberty High with a score of 22-0.

The boys varsity is followed by girls basketball in which they beat Fairmont Senior 34-33. The girls weren't the only ones in the act, the boys varsity and JV showed a good year also.

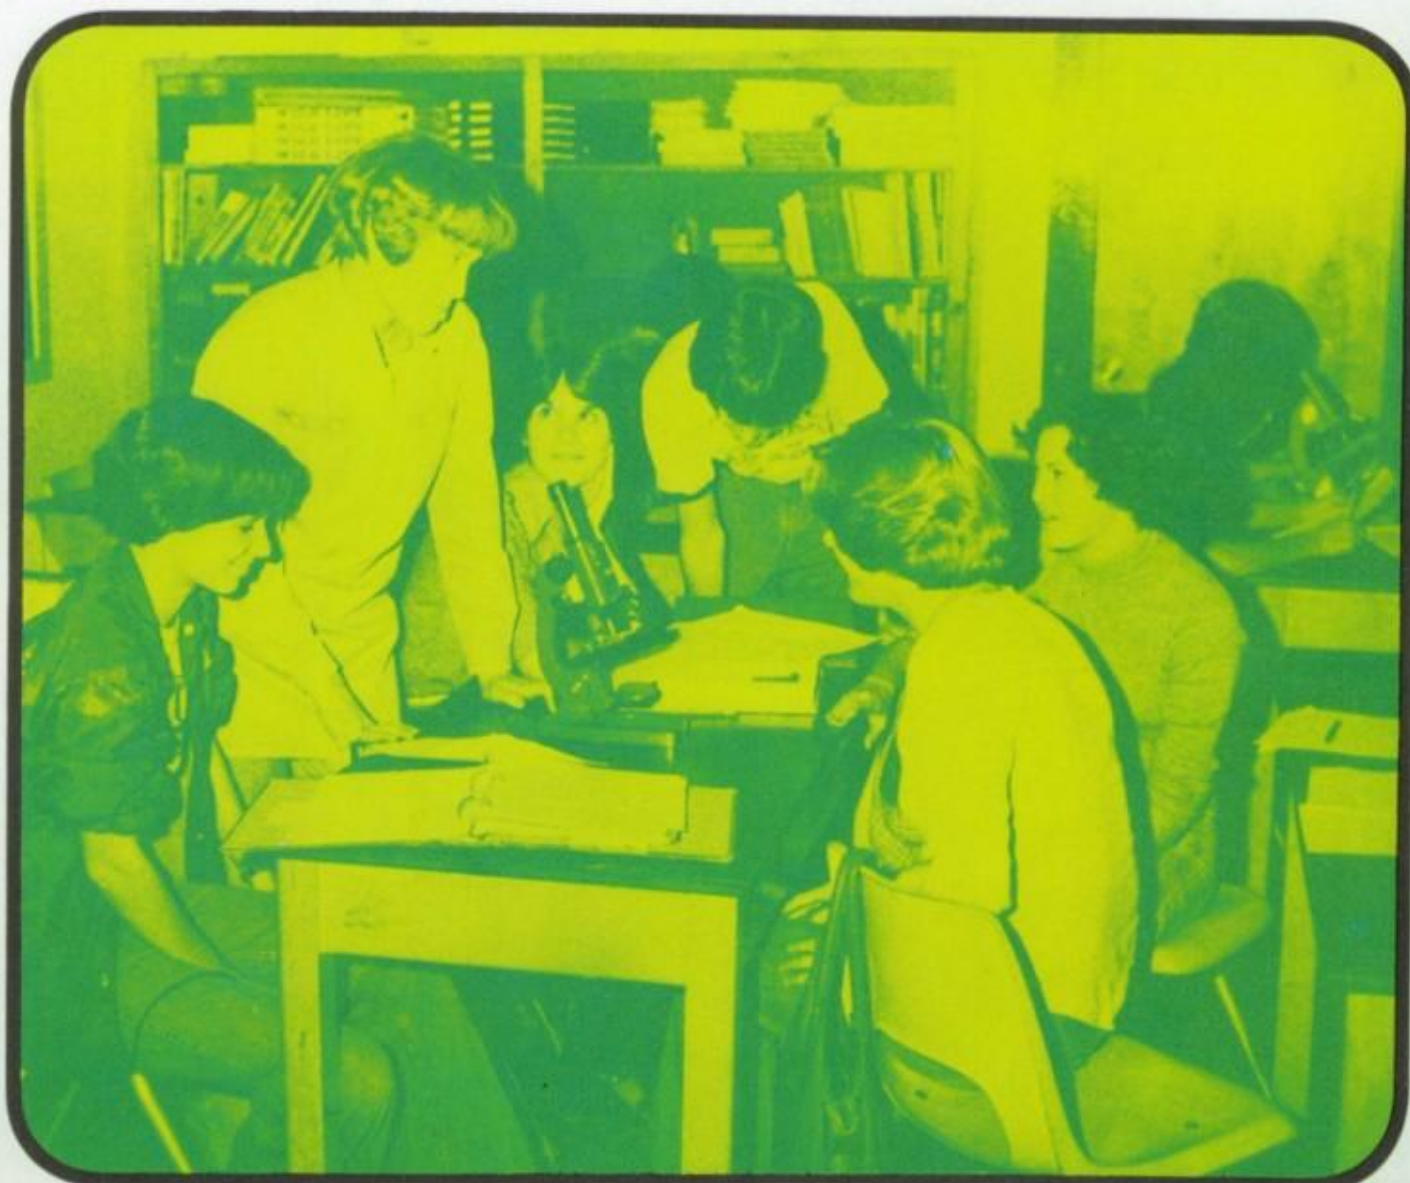

A sport that E.F.H.S. has always ranked high in is wrestling. Our wrestlers and coach are one of the top in the state. Track and field events have always held a large team, with boys and girls.

All of our participation in sports, whether it be player or fan is forming our character for years to come.

Classes Blend Talents, Ideas

Pens, pencils, and paper, these are the tools we use for our favorite part of high school. They're called classes. They come in a large variety, anything from studyhall to Trig. Two of the most popular courses are math and English. The students enjoy English so much that they take it for four years.

Really, they aren't that bad. We all know that they are preparing us for one of the biggest turning points in our life, graduation.

Happenings . . .

School Opens With Bee Spirit

Entering freshmen were welcomed to the campus hive for their first glimpse of the East halls August 31 during Freshman Orientation Day.

During Orientation, the 'little Bees' were given a tour of facilities followed by welcoming speeches by Principal Keith Holt and student body president Joe Bickerstaff who introduced a few facts concerning school. Vice-President of the student body, Mike Fiori explained the various clubs and organizations available to the students entering at East.

Following the students' tour of campus, new frosh met in the gym for a special thuse held by the cheerleaders where they were taught new cheers, the school fight song, and Alma Mater. Refreshments followed as the new Bees left campus with smiling faces and anticipation of

becoming 'East Fairmont Big Bees'.

Students returned to campus September 5 to begin a new year meeting in the gym for a student body thuse to welcome all back following the busy summer. Principal Holt and Joe Bickerstaff welcomed all as the cheerleaders introduced some new routines and cheers. On hand were the Honeybees and Busy Bee Band to make spines tingle to the 'fight' song. Members of the Big Bee varsity football squad were introduced reminding all of the Friday night game.

Following the assembly, students made a short trip through their new schedules with a lot of 'hellos' to old and new friends. All were sure this was a turning point in their lives, especially the seniors who were going to make the most of their final year at 'dear old East'.

Everson Reigns at Homecoming

'Autumn Enchantment' set the theme for the 1978 Homecoming Dance held October 14 in the East gym with Queen Tracy Everson and her court reigning. The court consisted of Queen Tracy and two attendants from each class selected by the Big Bee Football team.

Attendants were seniors Crystal Bray and Susan Vincent; juniors Lisa Thrash and Susan Watkins; sophomores Elaine Veltri and Beth Vincent; and freshmen Kathy Nagy and Robyn Radcliff.

Escorting the court were seniors Jay Vincent and Ron Workman; juniors Rod Greaser and David Sprouse; sophomores Barri Pratt and Rocky Zannino; and freshmen Brooks Nuzum and Art Stuart. Student Body President Joe Bickerstaff escorted Queen Tracy.

Flower girls for the court were Stephanie and

Stacy Newbraugh along with crown bearer, Matthew Schafer.

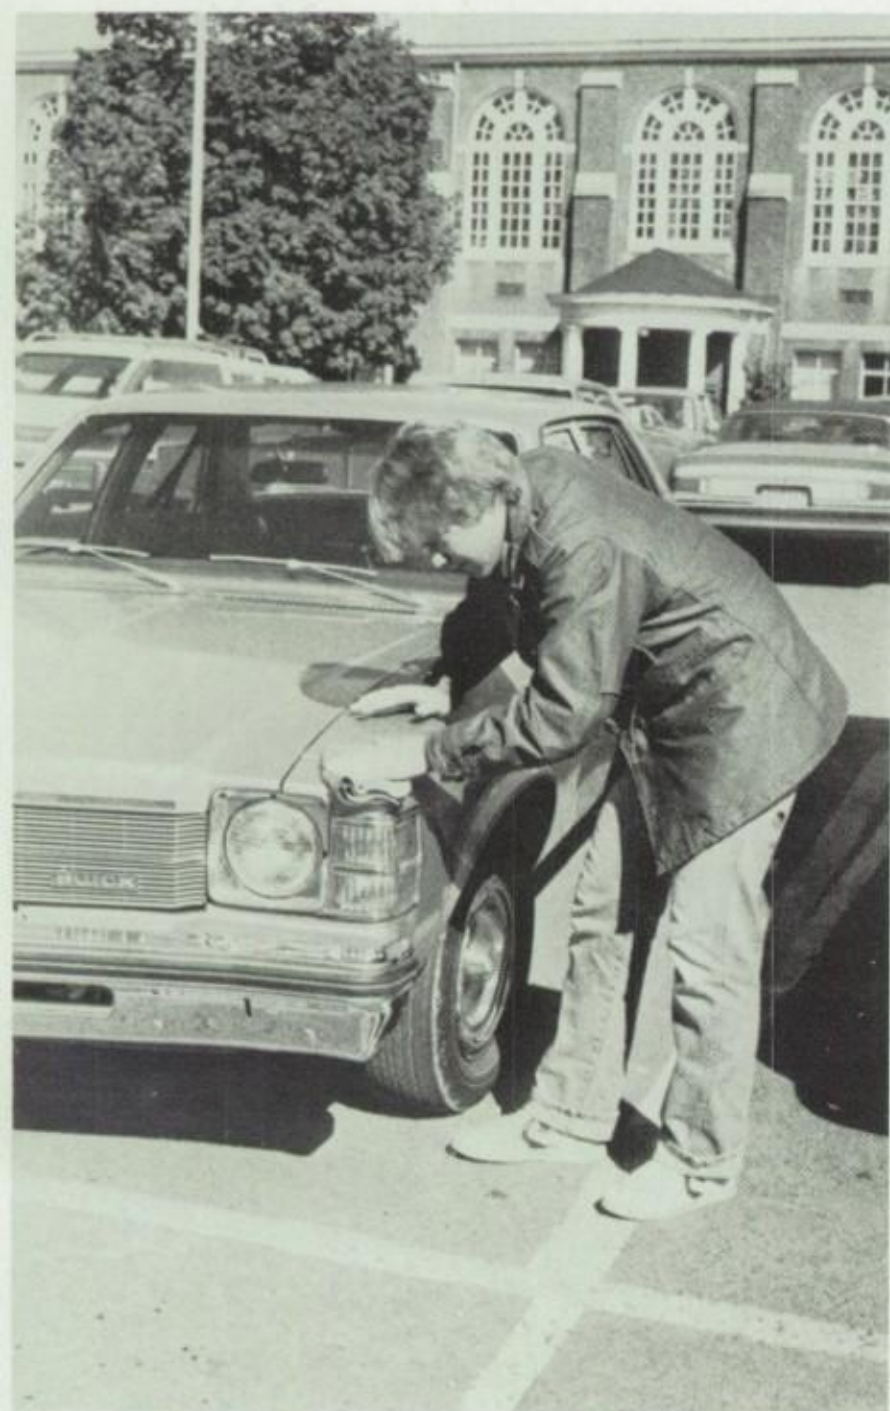

Planning events were Student Council members and committee heads Terry Greene, Mary J. Holt, Sherre Pyles, Beth Bean, and Jenny Layman under the direction of advisors Charles McClain and Mrs. Evelyn Black.

With the field ceremonies cancelled on Friday evening due to rain, the coronation and presentation of the court were held on Saturday during the dance amid decorations of pumpkins and cornstalks setting the autumn scene.

Adding a perfect touch to the Saturday dance, the Big Bees celebrated their impressive 17-0 victory over the Grafton Bearcats despite a rain drenched field. Setting the tempo for the evening was the rock group 'Sassy'.

E-W Week Involves All

'Bees Is the Word', adapted from 'Grease', was the theme for East-West Week activities involving most classes and organizations on campus the first week in November.

Sponsored by the cheerleaders, daily events and decorations competed for awards presented during the Friday thuse. Halls and home-room doors were decorated Sunday, with the week events including 'Mr. Irresistible' selection for the boy with most 'lips' collected; Pat Schleicher and Scott Swiger won the 'Bear Stomp'; Brian Greaser ate his way to be 'Cookie Monster'; while Thursday and Friday honored class and school color days.

Class themes were 'Born in a Hive', freshmen; 'Hopelessly Devoted to Bees', sophomores; 'Hot Hive in the City', juniors; and 'Bees Lightning', seniors. Winning hall went to the Sophomore Class.

Friday events were the student body thuse, followed by the game Saturday. Following the game a dance was held featuring 'Pegasus'.

Assemblies Add Life

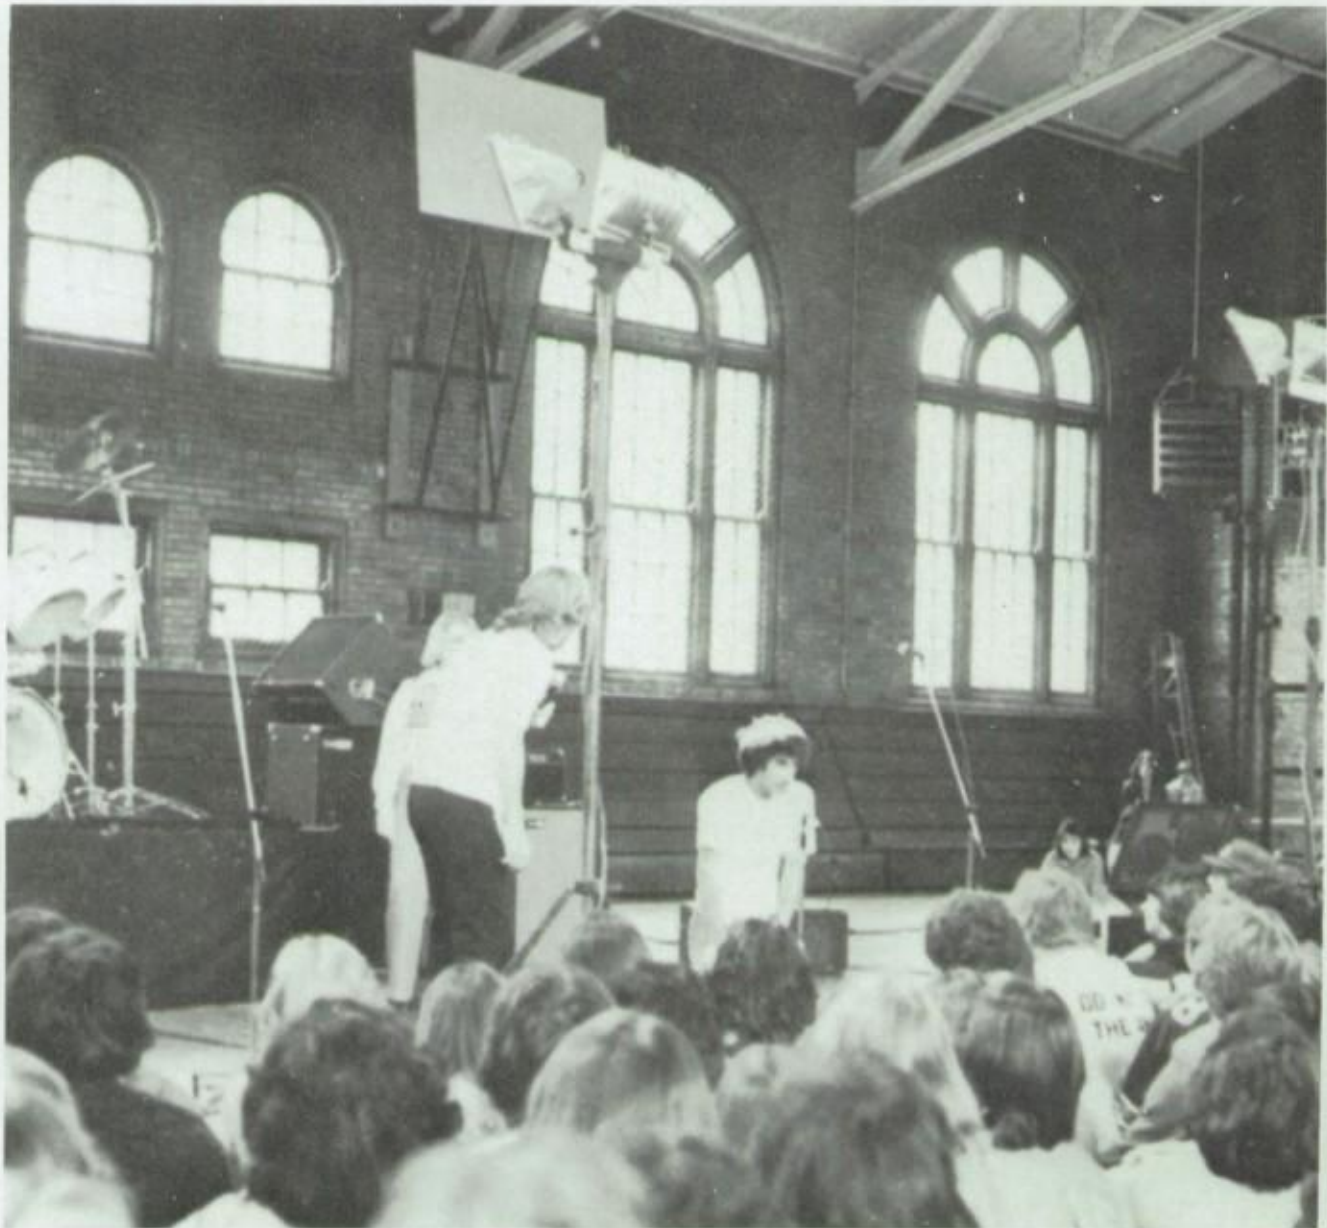

The daily routine of the school year was interrupted by assemblies throughout the school year. Starting off the year was an opening assembly on the first day of school. Principal Keith Holt gave a speech to the Student Body, and the Busy Bee Band performed some of their halftime songs.

The most enthusiastic assemblies during the year are the thuses. During the football season, many thuses were held by the cheerleaders.

Other assemblies during the year were: two National Honor Society inductions held for the Junior and Senior Classes. DECA held their annual fashion show this year to the theme of "Fashion Island."

During the spring of 1978, East Fairmont was given a concert by the rock group "Free Fare." Free Fare also provided a night time concert for the school.

The most traditional of all assemblies was the Recognition Day for the Seniors. This assembly was held in the gym before the student body. This assembly added the finishing touch to a very profitable school year.

'Fashion Isle' Sets Theme

Using a 'Fashion Isle' theme for a pre-Christmas fashion show, distributive education students in cooperation with local merchants gave the student body a glimpse of the latest styles in their November 15 show.

Decorations for the stage were tropical palms which greeted the models as their plane arrived. Ideas were from the TV show 'Fantasy Island'.

Announcers for the show were Brian Cutlip, Joni Wilson, Jenny Layman and Billie Mancino. David Hall (Tattoo) was on hand to greet the student models.

Students prepared the set, wrote the script, and conducted the show as part of their class project.

ico, and Mary Smith, club officers.

Open to any student, the group worked on projects to boost the campus spirit. Activities such as the team weiner roast prior to the East-West game, selling mums, and a dance were all team support projects.

Academic Life

Facing Levey, Snow Tops '79

Concern over the levey vote renewal, making up snow days, and a trend to basics were the problems faced by administration during the year.

Up for its five year renewal, Fairmont again voted to continue the levey money aimed to bring secondary free textbooks and additional benefits.

January and February again delt area schools snow days with 25 inches of snow falling in February. School calendars were adjusted for the make-up days.

As the ES '70 program comes to a close this year, educators are seeing a back to basics trend which is already in progress in some area subject fields.

New intercom system installed on campus during the summer made possible the morning bulletin during

homeroom each day and speedy communication to all classes.

With the dropping of East's pilot attendance policy for the first semester, students and faculty were made aware of the old system's headaches. Second semester Marion County established a new policy very similar to the pilot East began.

Active in the community, Principal Keith Holt serves as president of the County Secondary Principal's Association, and is a representative on the W. Va. North Central Commission.

Vice-principal Kelly Michael serves as W. Va. Assistant Principal's Convention chairman and is a member of the executive committee of the state Secondary Principal's Association. He was also a member of the National Association of Secondary School Principals.

YES Service Assists Job

New on campus was the Youth Employment Service (YES), a branch of the Fairmont Job Service under the direction of Mrs. Kathy Tarley.

Approximately 115 students were registered on the YES program with about 35 placed on jobs. Students considered various aspects of the employment scene in class and got assistance in job placement.

Mrs. Evelyn Black served as a member of the newly organized School Age Parent Committee which was made up of school and community persons.

National Career Guidance Week was observed November 5-11 with Charles Filius winning the poster contest.

Counselors administered the testing program to students with results that ranked above the national averages.

Two former alumni returned to campus to teach. Mr. David Nuzum joined the history department teaching American Studies II and World Cultures I.

Teaching business and general math classes was Mr. Kevin Wright.

During first semester, East lost its pilot attendance policy which was viewed by students and faculty as a step backward. By January, a new policy was adopted throughout the county.

Studying World literature in all of the phases, English students were introduced to the history and writers of the world.

Phases for underclassmen included short story, non-fiction, poetry, drama, novel, and speech. Additional classes offered were journalism I, and II, advanced speech and drama, and creative writing.

Offered with the English program were classes in reading taught by Mrs. Karen Whinnie and make-up English for those who missed a phase.

Students also produced the literary magazine "Bee Lines" for another year. Tracy Everson, editor, took lead over the magazine along with Jeff Yost, Jan Gerkin, and Jay Vitarelli.

Students View Levey, China

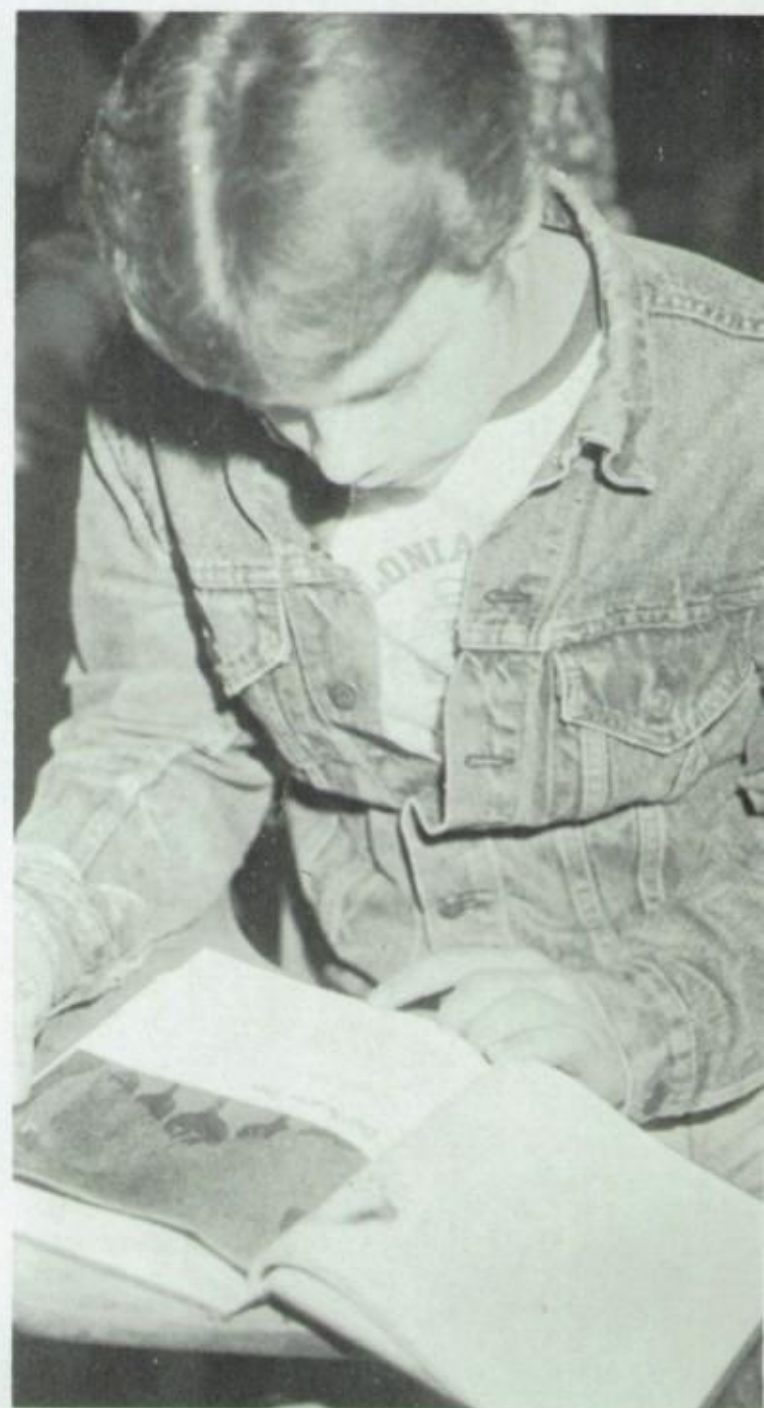

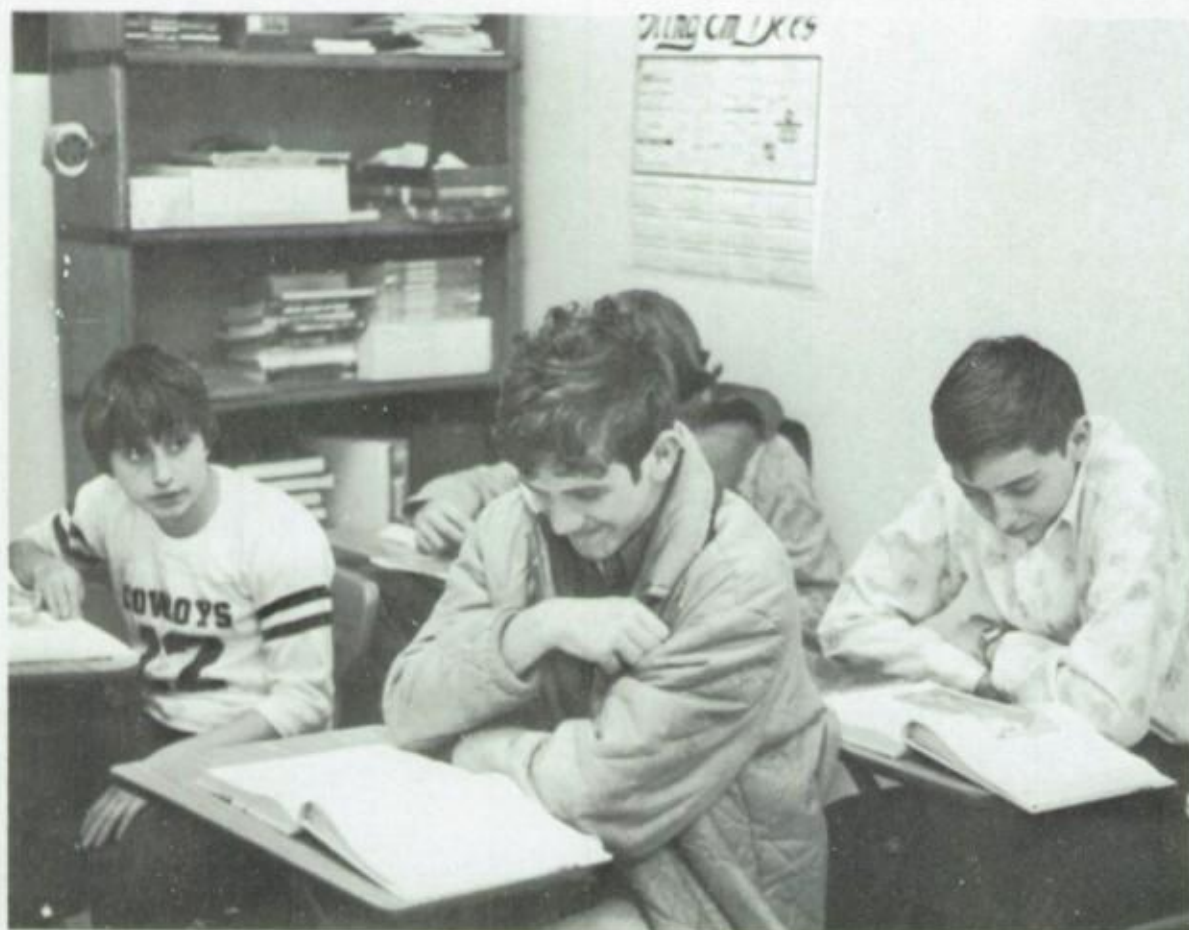

During the year, social studies classes kept an eye on the local levey election and the nation's progress with China and Iran.

Economics were an issue as inflation hit groceries, gas, and home heating during the winter months. Spring saw beef and gas prices going up.

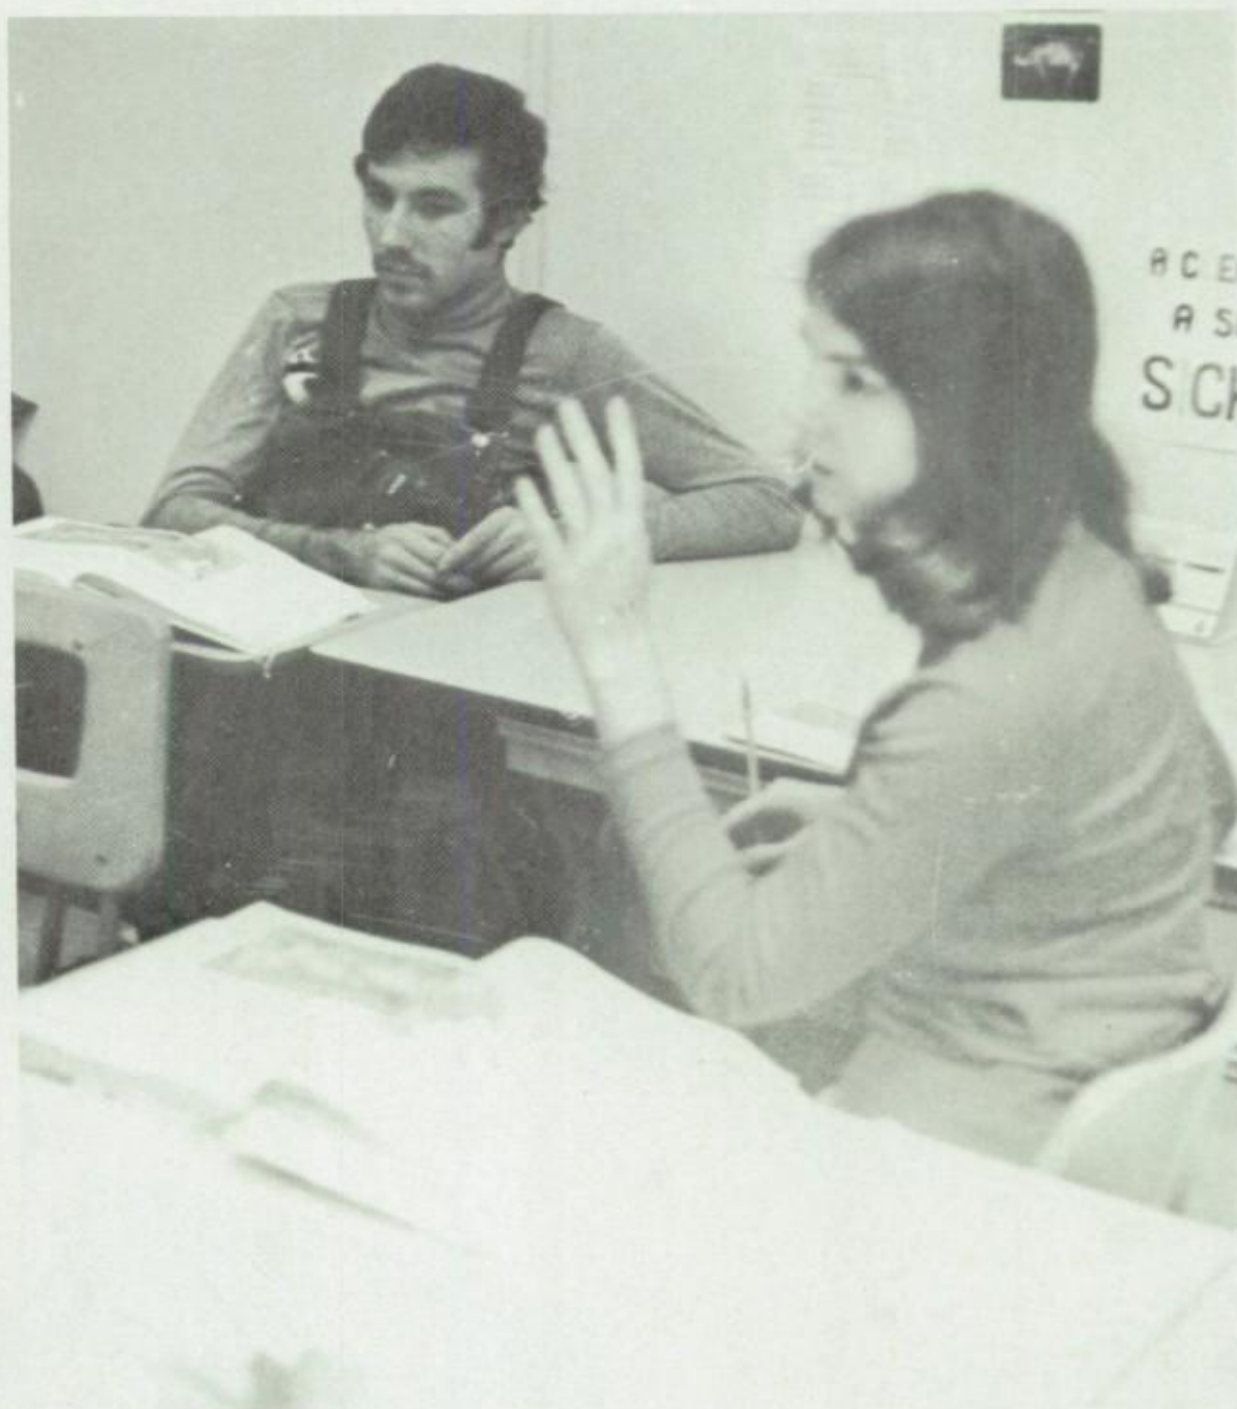

Electives were offered in World Geography and Problems of Democracy. Students studied government and customs of various nations.

As the United States resumed relations with China, students were involved following the progress. Government change in Iran was cause for local interest as prices jumped on gas and oil.

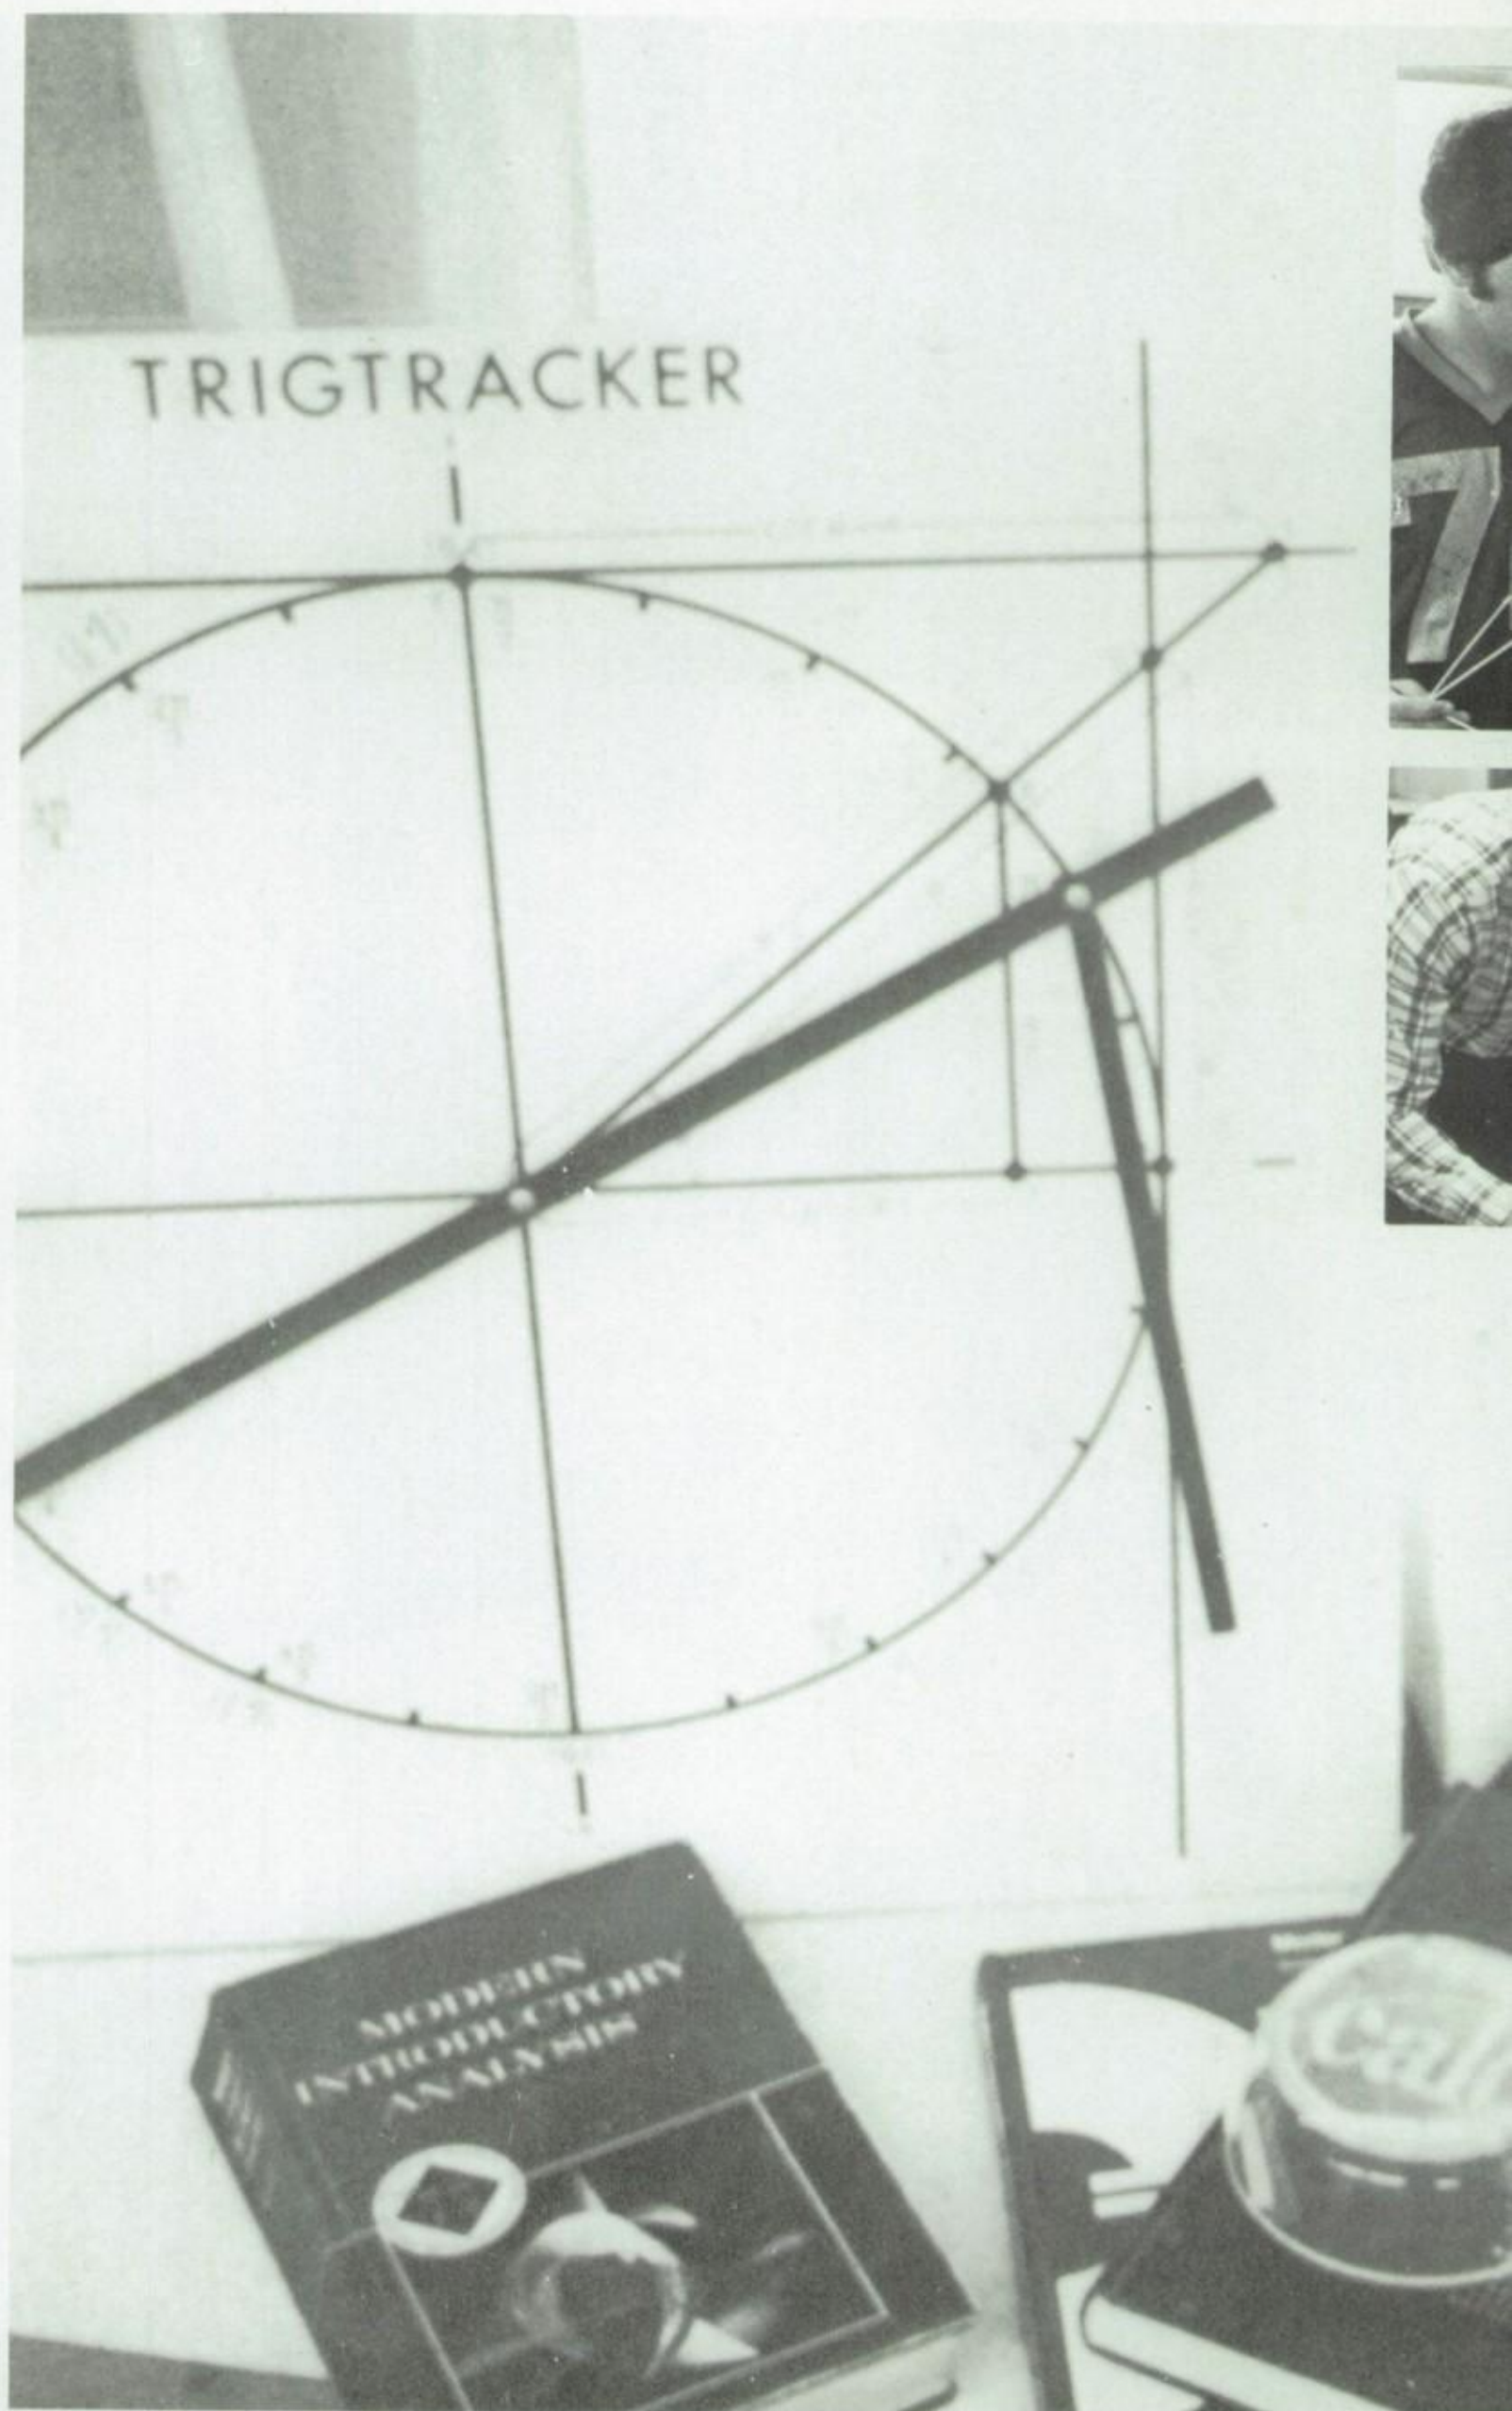

Religion areas watched the rise and fall of the Popes and the return of latolo Khomeini to Iran.

Math Classes Develop Minds

Mathematics challenges the mind offering probes into new and undiscovered fields of reasoning and deduction.

Offered at East was the double math class consisting of Math Analysis and Trigonometry.

Students are required to have two years of math credit for graduation. Algebra plus an elective chosen from Algebra II, geometry, trigonometry, or math analysis.

Freshman representing East Fairmont in the Math Field Day competition were Doug Bartlett, David Epler, Keith Hill, Leanne Nestor, Rhonda McRobie, Kim Pendergast, Beth Webb, and Theresa Piscitelli, alternate.

The National Math Test was given at East March 6 to those students who were interested in competing.

Fair Urges Saving Energy

With a chance to move into state and national competition, many East students entered the Science and Engineering Fair held in March at Fairmont State College, featuring energy saving techniques.

Required for graduation was biology along with one other science class selected from general science, human physiology, physics, and chemistry.

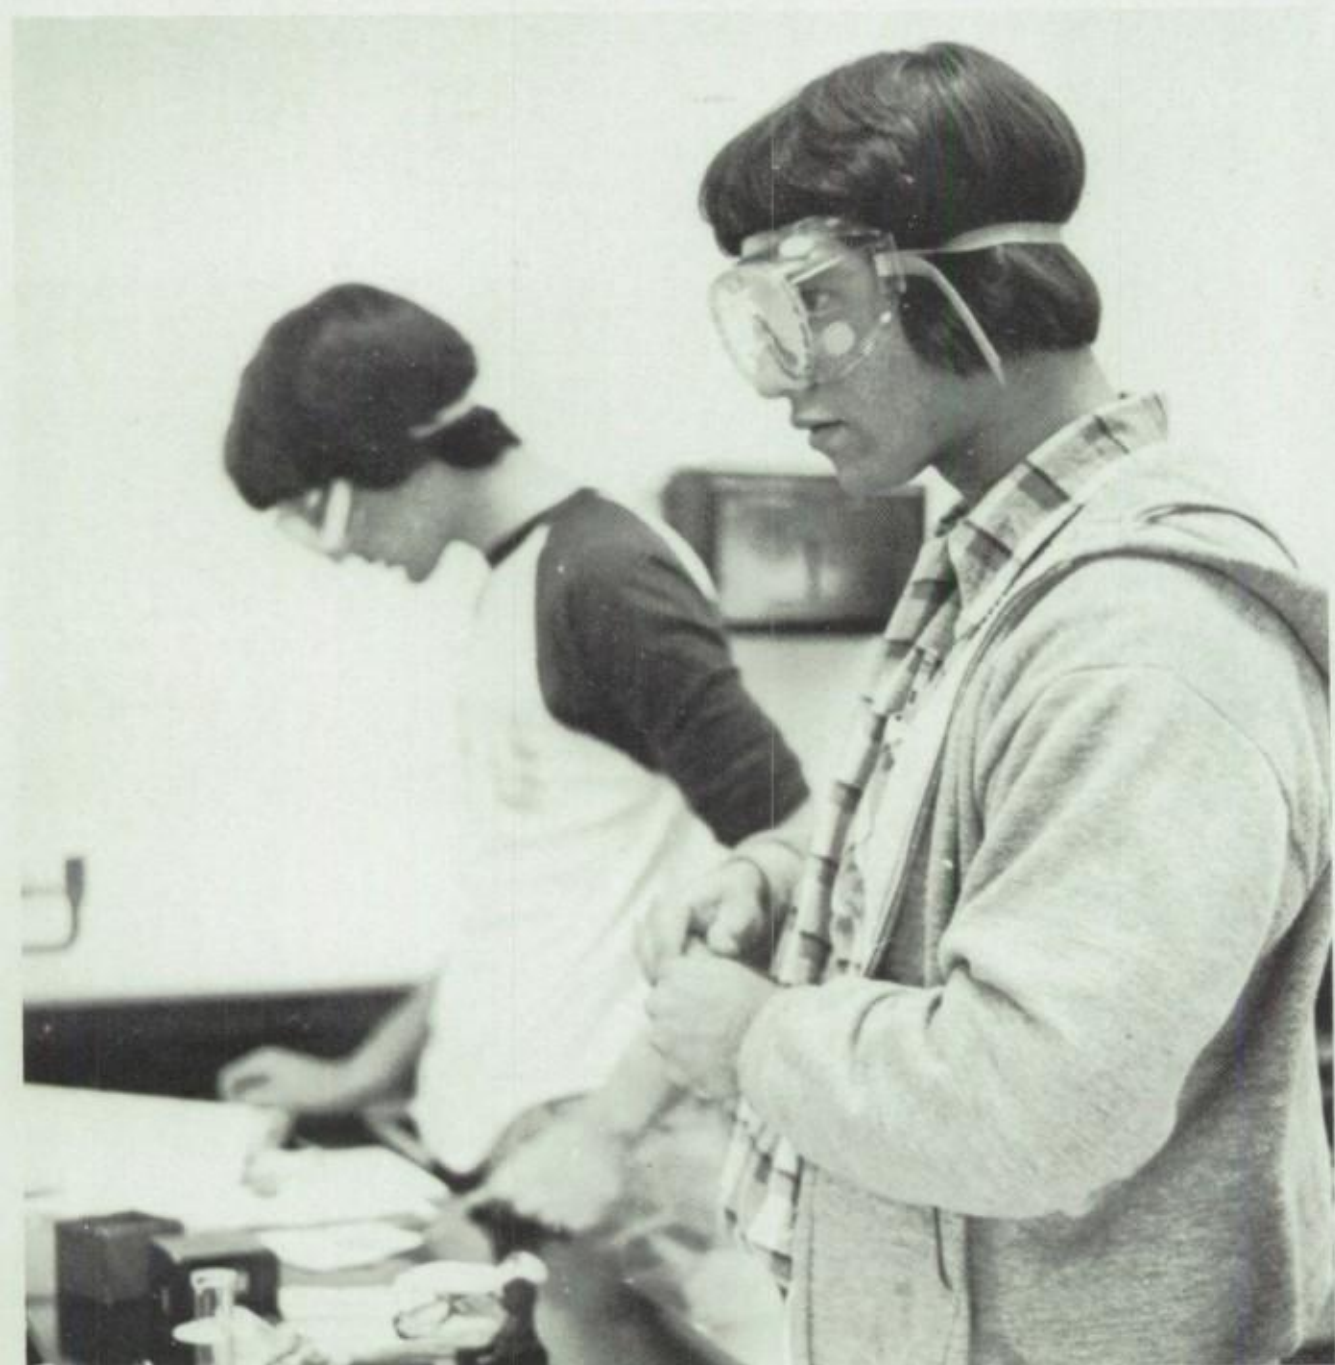

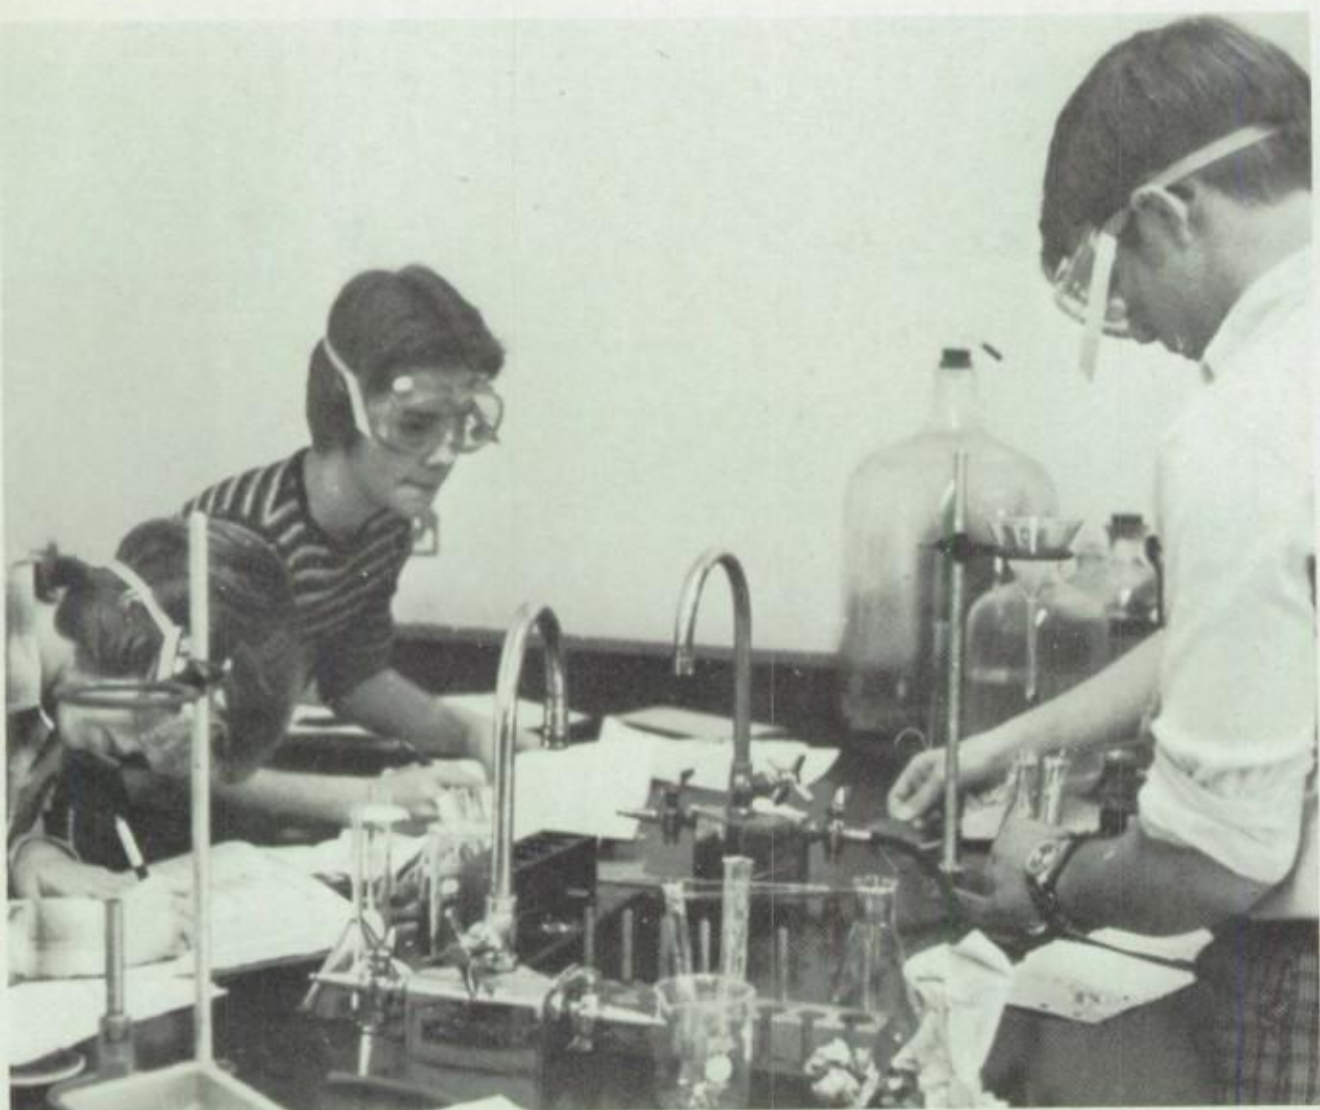

Freshman and senior general science classes study astronomy, motor energy, life forms, and geology.

Classes were following the solar eclipse only to have a cloud cover hide local action.

Human physiology students conducted experiments dealing with human biology and researched traits via genetics.

Paul Sanders Edits Orion

Using the theme of 'Turning Point' the Orion developed a cover and divider logo to emphasize the change of the times as a new decade of the '80s drew near.

Edited by senior Paul Sanders, staffers worked to up date color techniques and trends despite the problems of inflation of materials.

Tom Huffman and Sam Wood worked on the photography to cover major events for student history.

Entered in competition at WVIC Workshop at Fairmont State College, the 1978 Orion took a first place award.

Staffers entered contests at Marshall University's UHSP Convention in March.

For the second year coed gym classes on campus challenged both the faculty and students.

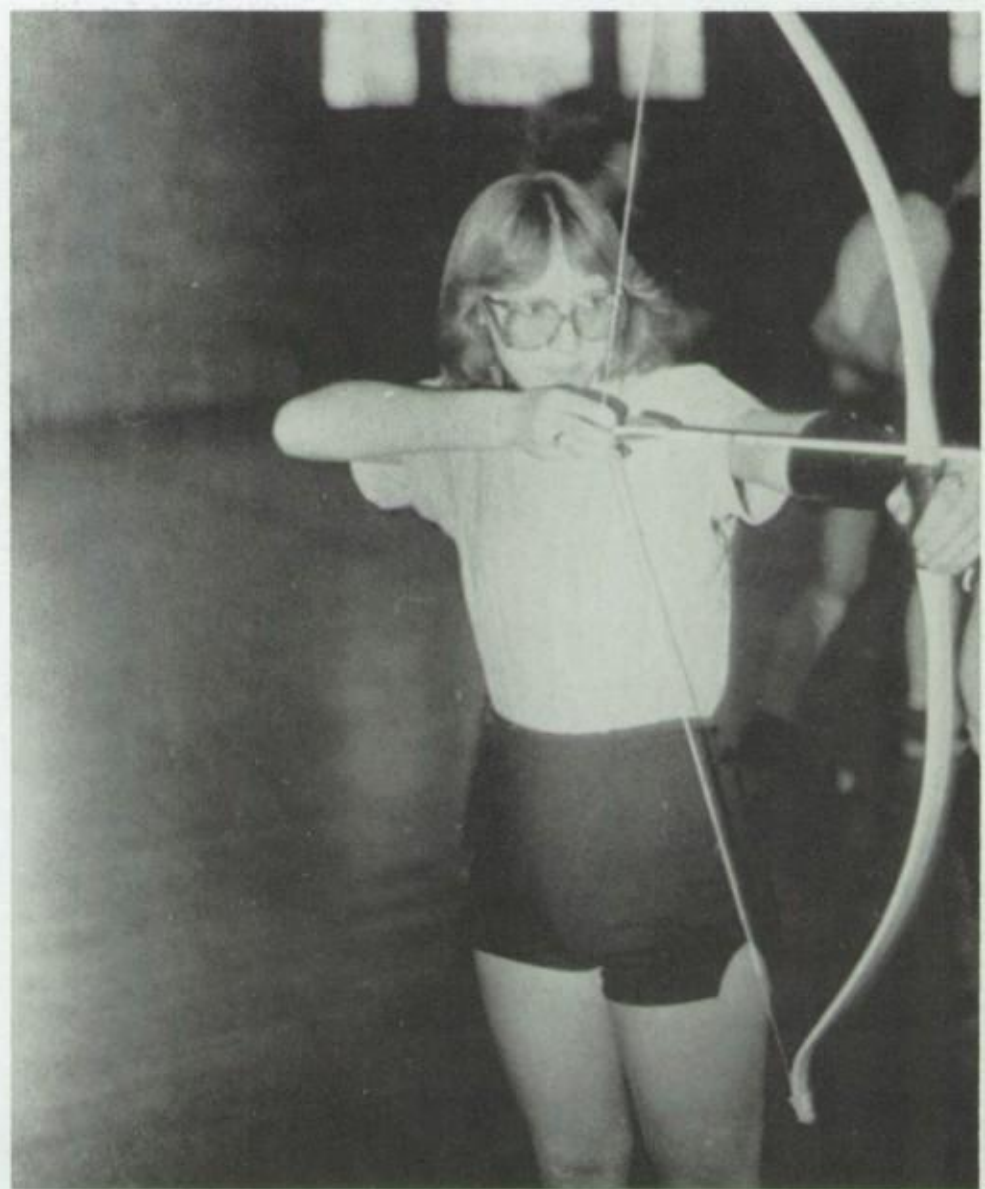

Offering skills in building body exercise, students played field hockey, softball, basketball, ring tennis, flag football, bowling, tennis and gymnastic floor work.

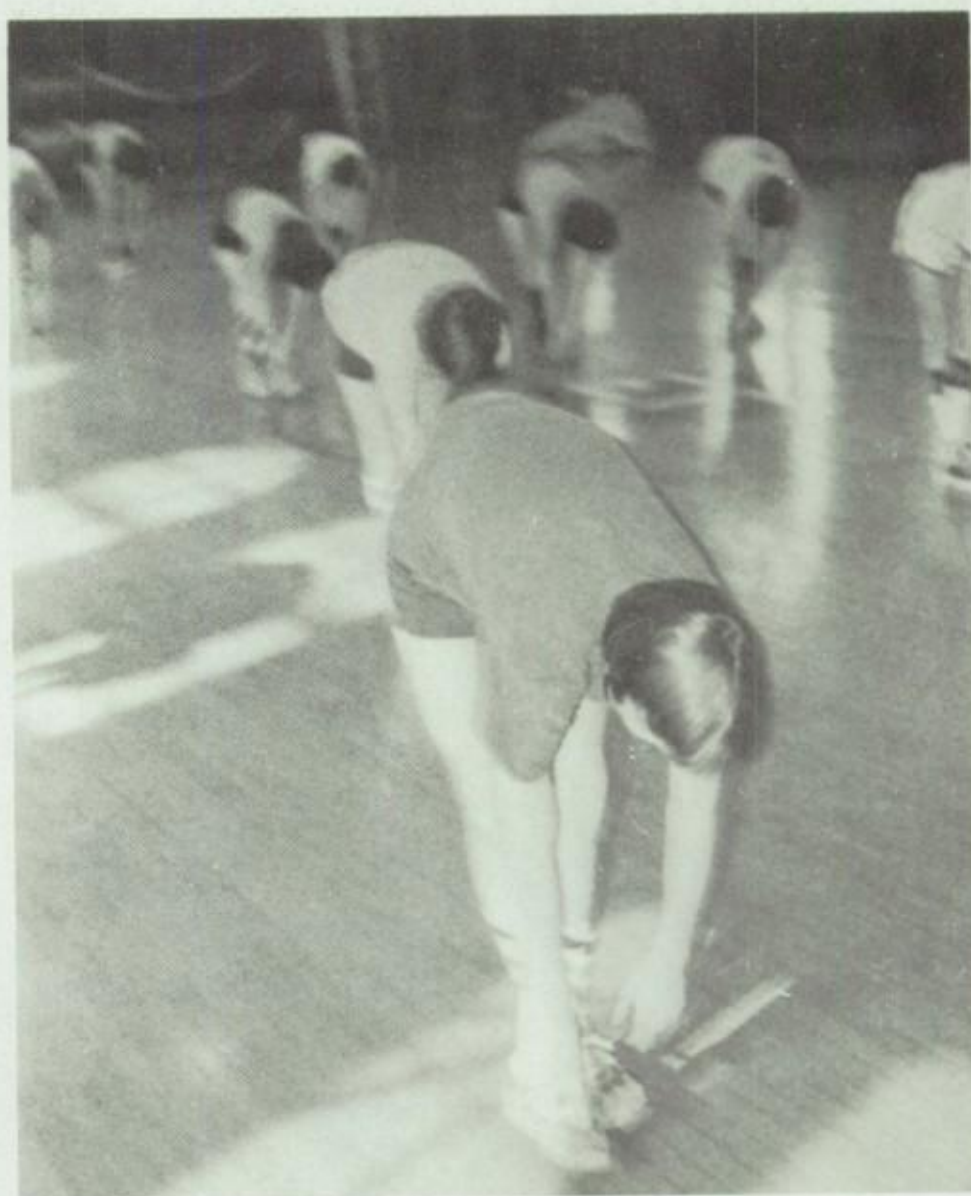

Judo, wrestling, and national President's Physical Fitness Test were special features during the year.

'Students often separate for basketball and some other events due to the class size and lack of space', commented Sue Underwood.

New Angles to Classes

Industrial arts classes offer students experience in drawing plans and building models to prove their efficiency.

Students work in drafting, woodworking, machine shop, and graphic arts with a vocational outlook.

Machine Shop I and II offer training on basic drills and in planning designs under the direction of Jack Burton.

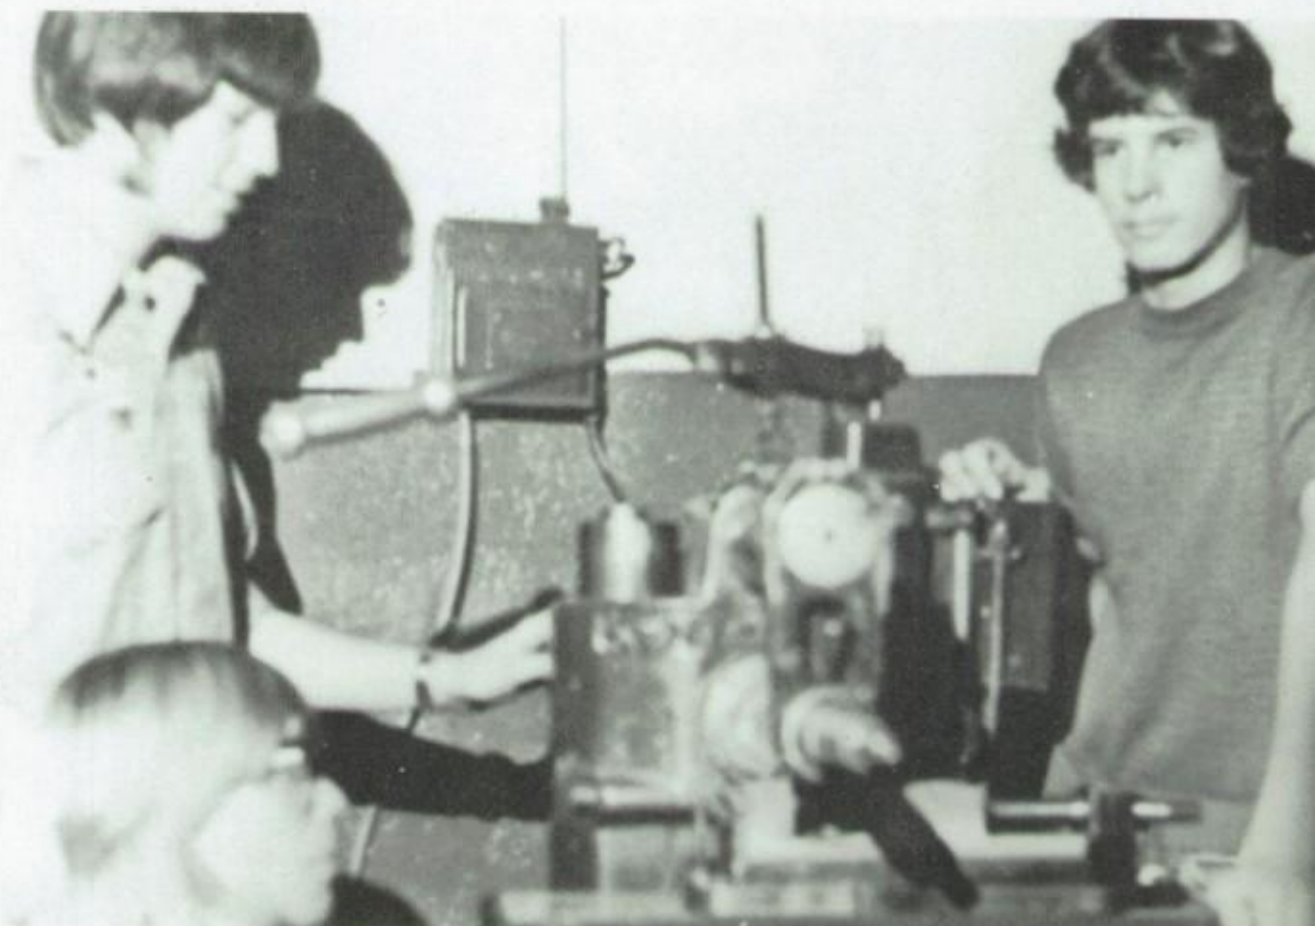

Woodshop covers a program of design, wood preparation and construction under the supervision of Dwight Conaway.

Reading the blueprints to building models of their drawings, students of drafting and printing gain experience of actual construction under Charles Peteshel.

Printing students learn basics of the flatbed press and serve the many departments of the school.

Home Skills Attract Youth

Homemaking I and II students earned vocational credit and basic skills of home meal preparation and sewing.

Foods I and II study nutrition, preparation, and serving of a balanced meal taught by Mrs. Mildred Hale.

Students prepare dishes, learn cooking tips, and experiment during lab periods.

Learning the basics of sewing, cutting materials, fitting and sewing steps under the direction of Mrs. Mary Stonestreet, many students begin to make their own outfits.

Credit can be earned at home on projects students do under planned supervision on the class.

Advanced students learn garment making, and advanced sewing techniques.

Four Go to Houston Meeting

Distributive Education students worked throughout the year on major events which included 'Fantasy Island' fashion show, anti-shoplifting campaign, and the competition for state convention which produced four winners eligible for National events.

Students produced a fashion show in November for student body using the theme 'Fantasy Island' with fashions from local merchants.

November 7, students took a field trip to Pittsburgh's Monroeville Mall to visit display and advertising techniques.

In January, students assisted local Hill's Department Store with the tak-

ing of inventory as 22 DECA members got involved.

Students then designed a DECA flag for the local chapter to be presented at state convention. Kelli Starcher's design was chosen and students made a blue and gold flag which was presented in the parade of flags at Washington Irving High School prior to the awards ceremony.

Four students were winners in the state competition and earned trips to the National Convention held in Houston, Texas, May 7-14.

Students also operated the 'Bee Boutique', student store on campus.

Teens Learn Safety as Gas Prices Rise

While the public experienced soaring gas prices and shortages at the pumps, teens on campus and across the nation studied driving defensively and with energy saving tips.

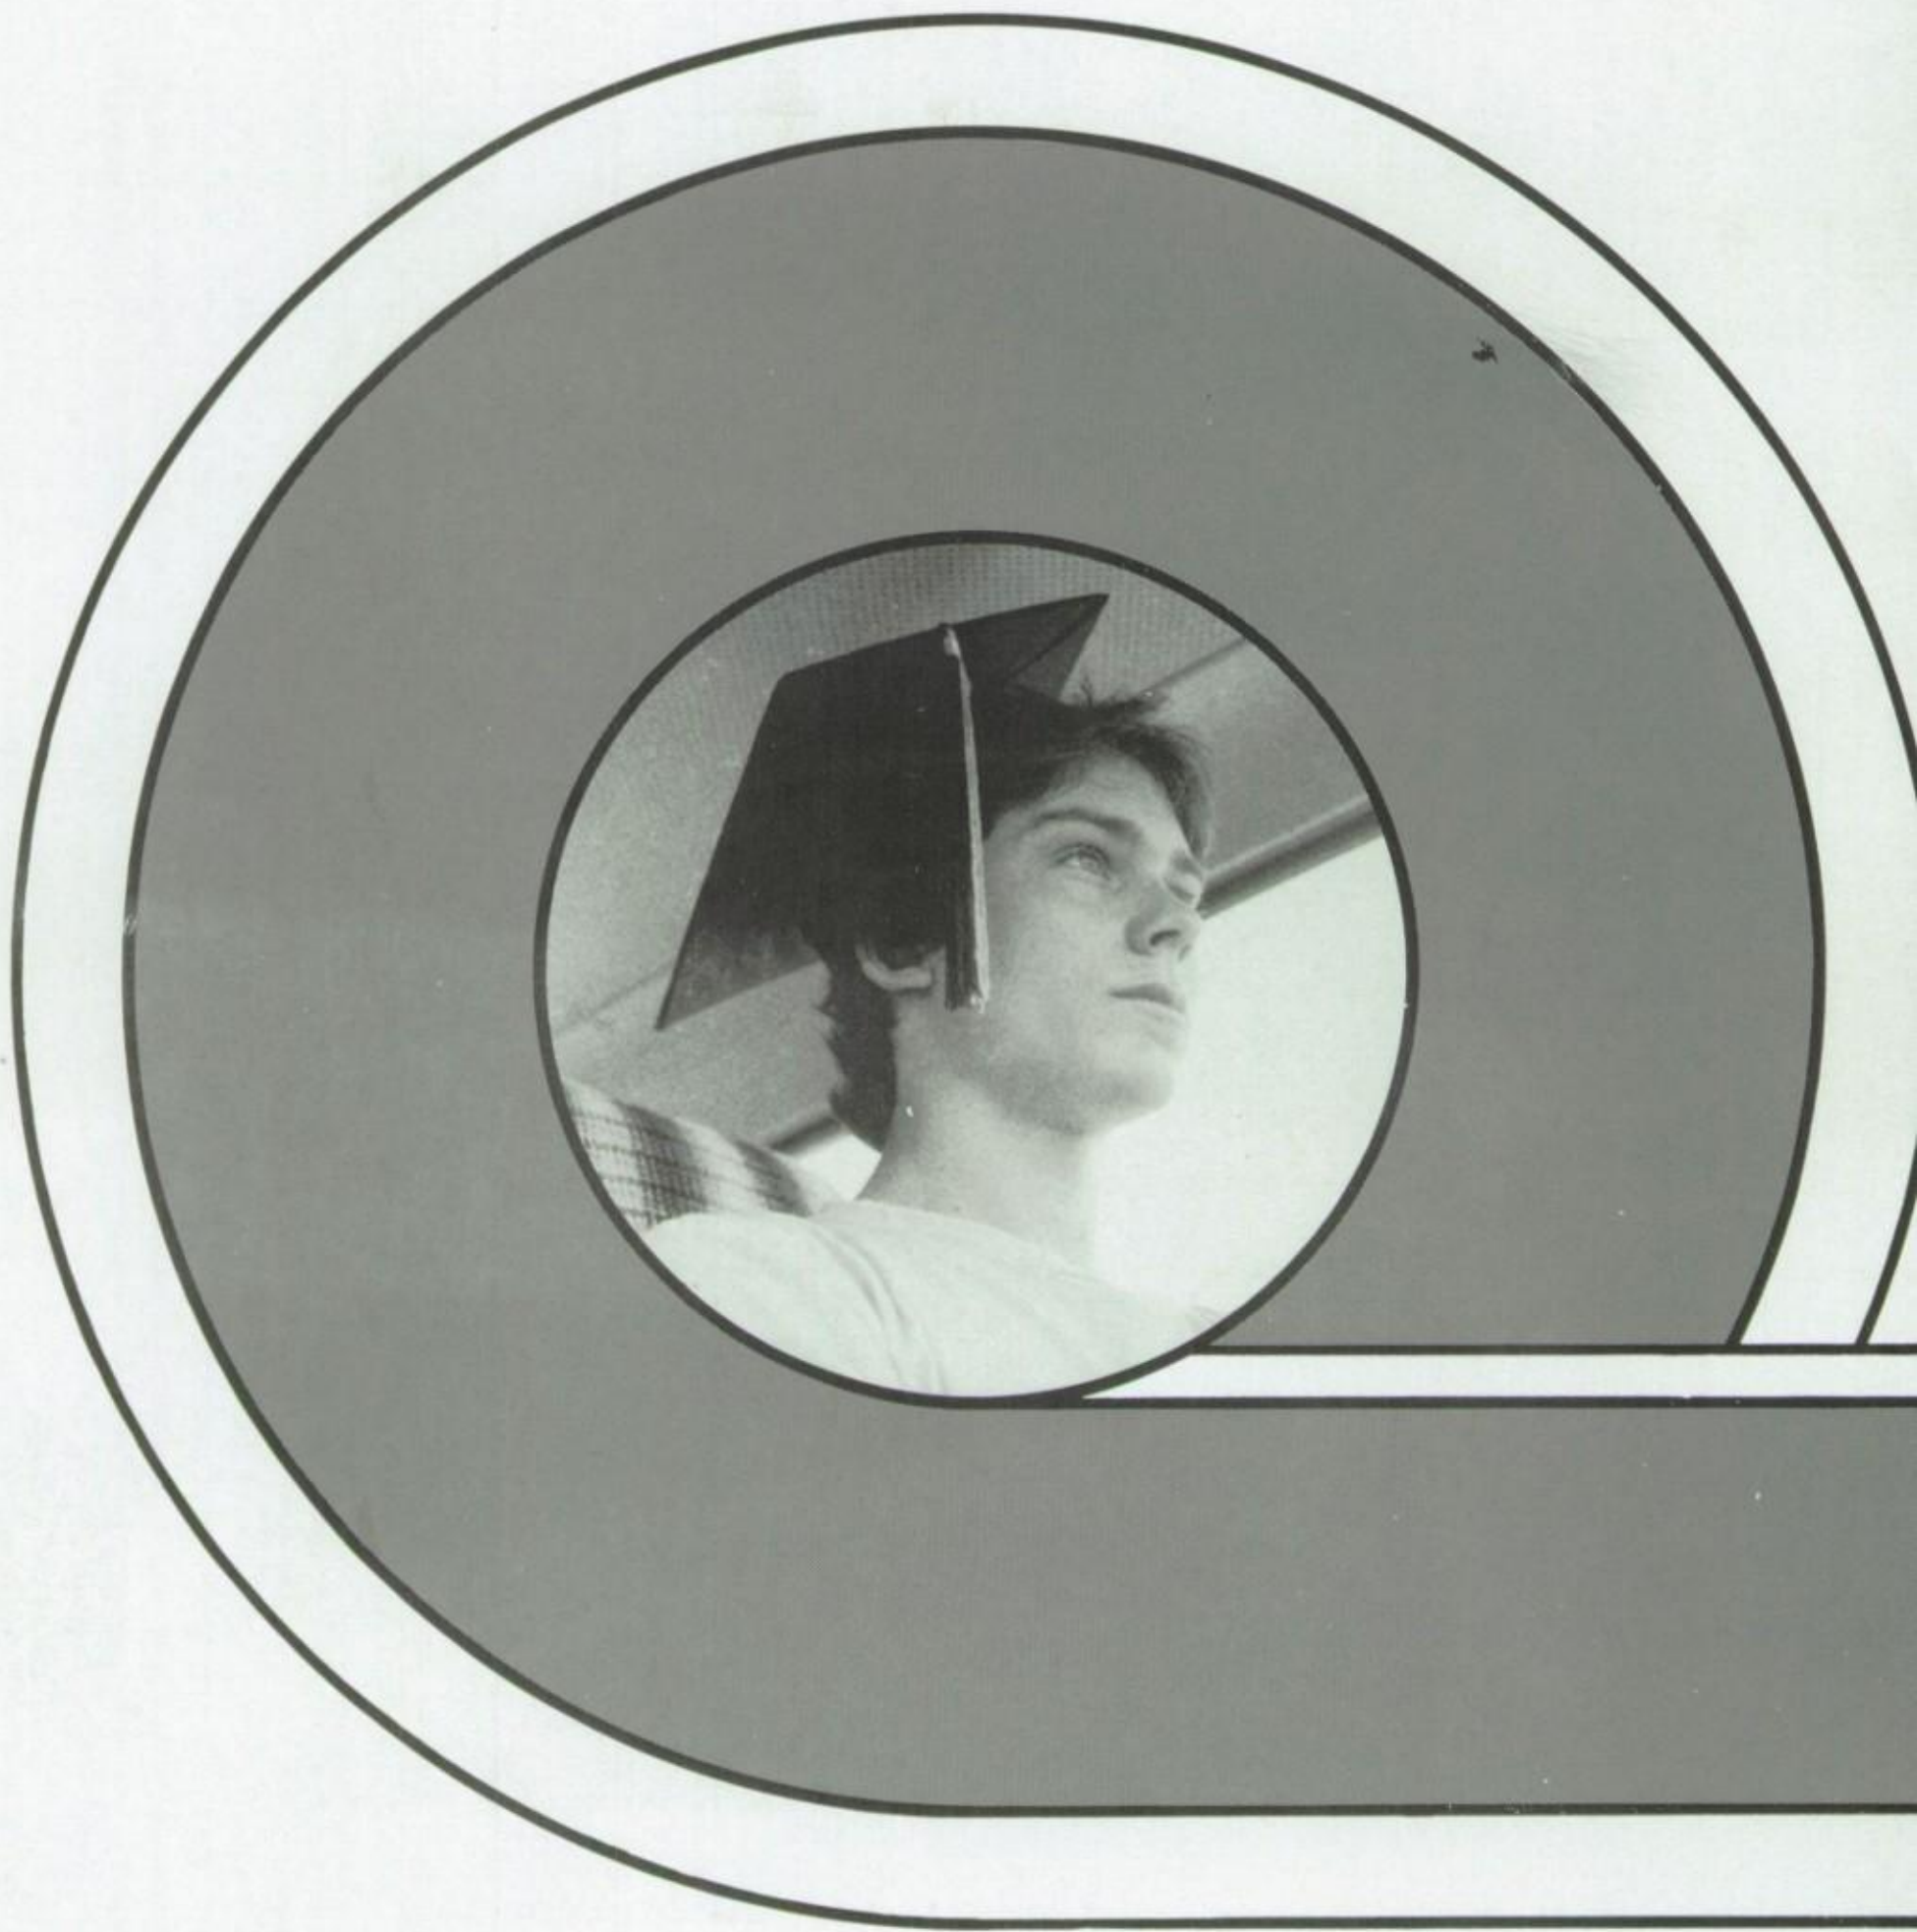

Striving to become aware of the driving dangers students studied area spots of most accidents.

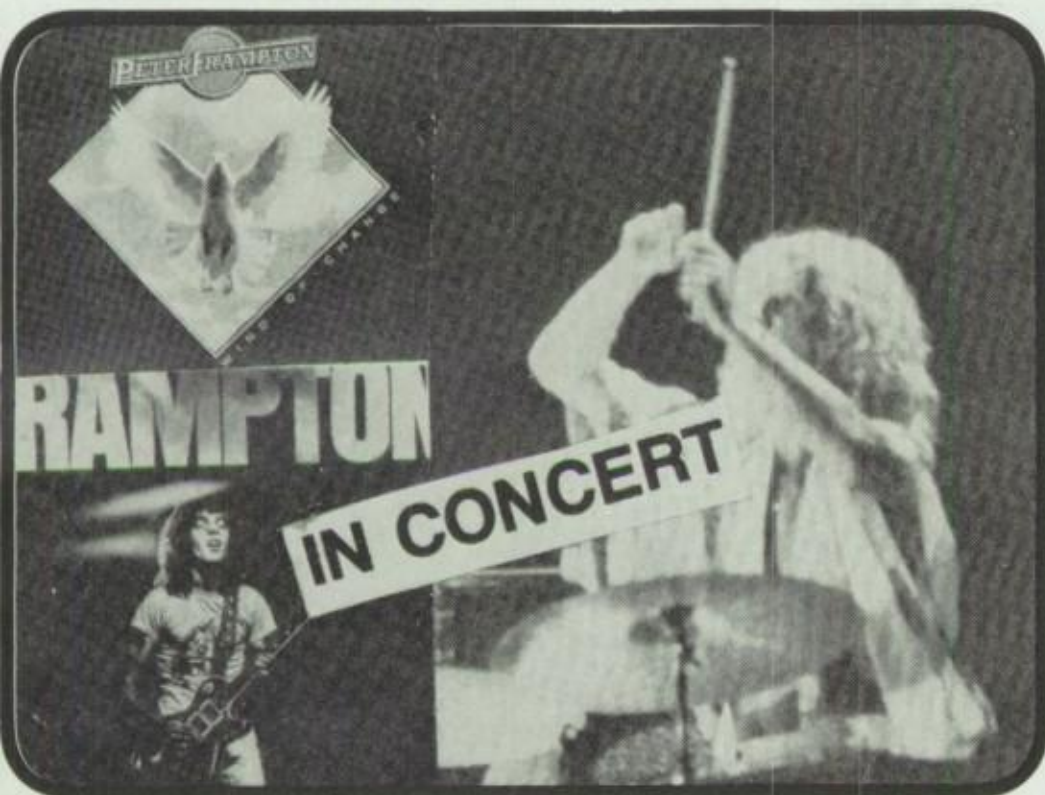

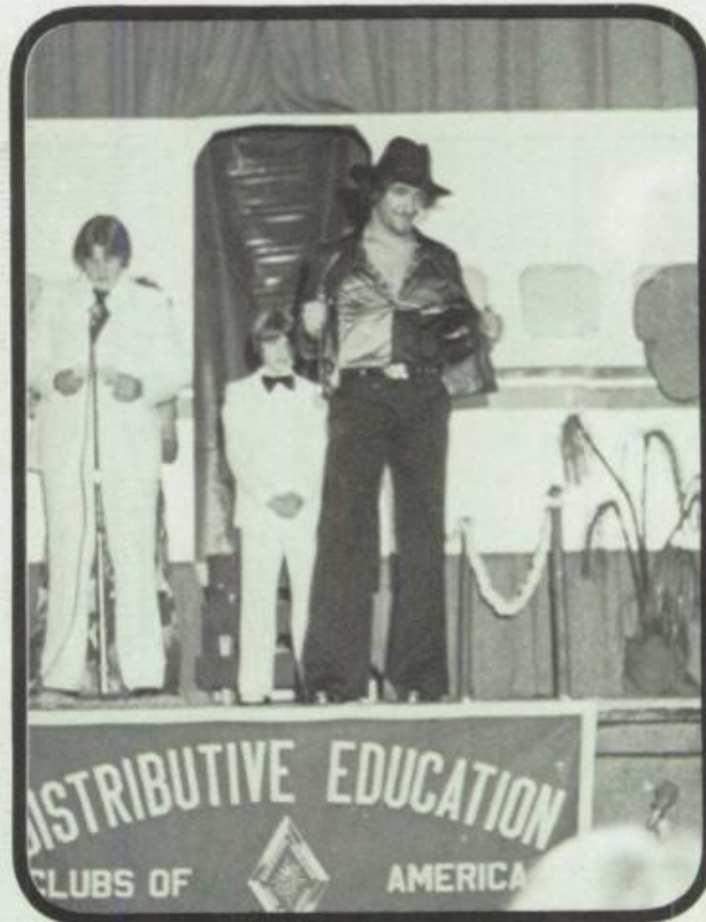

Students worked to qualify for a driver's license, studied insurance, and did practice driving.

With energy conservation the major concern with the public, students learned how best to cope with the problems.

Students Earn Local Merits

Competition in the community provided opportunity for students to take active rolls in scouting, explorers, and local contests.

Earning Eagle rank, several East students found a chance for challenge and making a contribution to community.

Explorers Posts offered many career interest groups for students. Jeff Baker and Stacy Barber attended Camp Dawson by earning their way to camp. Stacy attended the President's Congress held in Washington representing area six.

Junior Kelli Starcher reigned as Queen for Winfield District Fair August 15 through 19. She competed against eight other candidates.

Working with DECA program students worked during their senior year for credit. Students on business programs also helped with inventory procedures.

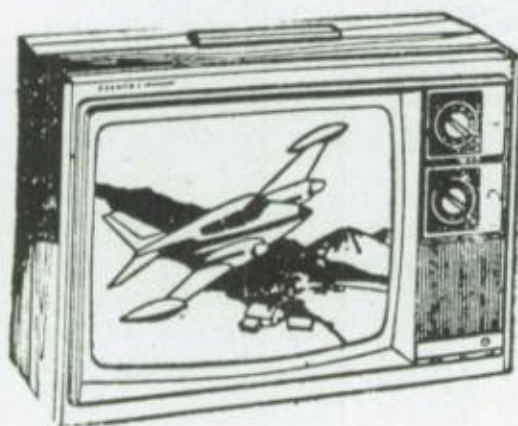

On campus students helped faculty, worked in the office, and in the cafeteria.

Leaving Past — Entering Future

Closing of the seventies brings to mind many of our past experiences. Our first year of high school, full of late classes and tons of homework. We remember the football games the Homecoming dances and all the good times we had.

But what we don't realize is how the fun and the work is building our tomorrow. We've learned responsibility with our clubs and class meetings. We've learned that there is more to life than just a good time, and that with a little work, we can get anything accomplished.

Students of East Fairmont High have always been an example in our community in years past and we're sure they will still be as they point to the future work of the eighties.

Top Left: Putting the finishing touches on their caps and gowns are seniors Jeff Hawkins and Tammy Weaver. Left: The Busy Bee Band's Percussion section shows their enthusiasm during East-West game. Above: Varsity Football team and Pep Club enjoy bon fire on the night before the East-West game.

Top Left: Seniors Ray Thompson and Robin Broadwater get into the swing of things. Top Right: A glimpse of West Virginia beauty on campus. Above: Another Big Bee score. Above Left: Headlines that we will always remember for '79.
